RE: MOSIS Updates

Regional workshops have been scheduled for face-to-face training. Registration is not required the dates and locations can be found at <http://dese.mo.gov/MOSIS/training.html>.

A "MOSIS Alerts" page has been added to the MOSIS web site. Various types of "alerts" will be posted; categories including; definition changes, new business rules, new code sets, additional fields, new cycles and/or general updates. <http://dese.mo.gov/MOSIS/alerts.html>

### **February Cycle**

This cycle includes two submissions the Student Core file, and the Graduate Follow-Up file.

A new report has been added to Core Data and is linked from Screen 16 as well as under the Reports Menu within Core Data. This report provides a count of students that are being reported as Resident II students and identifies which districts are reporting those students.

### **April Cycle**

The April Student Core file is submitted in the next cycle and will be open by April 1<sup>st</sup>. This cycle is used to obtain demographic data to be linked to the student assessment records (MAP grades 3-8, MAP-Alternate, LEP Assessment (LAS Links), and End-of-Course (EOC). The cycle will close June 30<sup>th</sup>.

### **June 2007-08 Update on Special Education Screen 12**

This week DESE re-populated the Core Data Screen 12 information (Special Education Exiter Count). This information was re-aggregated using the final exit status of the student as reported in the June Student Enrollment and Attendance file. Special Education will post a SELS message with more details at. [http://dese.mo.gov/divspeced/Listserv\\_Archives.html](http://dese.mo.gov/divspeced/Listserv_Archives.html)
