SUBJECT: Special Education Funds Management : Verification of Data to be Used in FY11 Part B IDEA Calculation

Recently the Special Education Funds Management section sent a note via their Listserv with this important information. Noted below are the cycles where the data would be adjusted if changes are needed.

Subject: Verification of Data to be Used in FY11 Part B IDEA Calculation

Source: Funds Management

Intended Audience: Superintendents, Special Education Directors, Finance Administrators

Date: May 5, 2010

ACTION REQUIRED: YES

DEADLINE: May 19, 2010

The Funds Management section has posted the preliminary data to be used in the FY11 Part B IDEA allocations. Districts have until May 19, 2010, to adjust any data used in the calculation that has been incorrectly reported. Data may be viewed at:

<http://www.dese.mo.gov/divspeced/Finance/documents/FY11PartBData1st.pdf>

Data used in the allocation calculation includes:

- Enrollment (September - Core Data Screen 16 – **(Corrections can be made in the 2010 MOSIS October Student Core Submission)**)
- Non-Public Enrollment (October - Federal Programs Data Collection)
- Home School Enrollment (**February - Core Data Screen 15 (Corrections can be made directly on Screen 15)**)

- Free and Reduced Lunch (**January - Core Data Screen 15 (Corrections can be made in the 2010 MOSIS February Student Core Submission)**)

Any corrections to data must be made in the system for which they were reported. Districts are responsible for verifying that any updates/changes are saved to that system. The Funds Management section will query the data again on May 20 to use in calculating the FY11 Part B IDEA allocations.
