SUBJECT: MOSIS June Cycle Deadlines

We've received numerous questions around the timelines for the MOSIS June Submissions. We appreciate your patience and hard work as you work through the various submissions in the June cycle. We encourage you to prioritize the submissions in the following order.

1. June Student Core/Enrollment Attendance - this collection should be at the top of your list, it is a high priority to have it completed by June 30<sup>th</sup>. We will be using data from this to calculate the graduation and attendance rates for the preliminary AYP that will be posted July 25<sup>th</sup>.
2. June ID Cleanup – this collection is a trial we create for you, it will become available on June 20<sup>th</sup> and you will have 2 weeks to remove any errors and Certify the trial.
3. June Summer Course/Student Assignment – this collection is only completed if you are providing Summer School.
4. June Discipline – this collection collects the student discipline incidences.
5. June Course Completion – as a reminder we are making a few changes to some of the rules for this collection that will go into place on July 1<sup>st</sup>. At that time we would encourage you to revalidate your trial.
