SUBJECT: June Business Rule Alteration (SEA00422)

A rule adjustment was made on 06/04/2010 for the 2008, 2009, and 2010 June Student Enrollment and Attendance Collection. Rule SEA00422 (Warning) was altered to check the sum of a student's attendance and absent hours in a particular grade and school against the actual calendar hours reported on screen 10 in Core Data. If a trial is revalidated after 06/04/2010 the new rule will be ran and the results provided. All trials validated prior to 06/04/2010 are unaltered at this point.
