SUBJECT: MOSIS Data Collection – June ID Cleanup

The June ID Cleanup (Assessment ID Clean-up and link to April Demographic information) became available earlier this week in the MOSIS Data Collection System. DESE has created a trial for each district in the state, and when you log onto the MOSIS Data Collection component the trial will be in your Current Submissions list. The purpose of the trial is to make sure every record has a valid MOSIS ID and that every record can be linked to an April Student Core record. This is also an opportunity to upload teacher names for grades 3-8, one each for Communication Arts, Math, and Science. You will need to fix any errors that appear on the trial and Certify the trial by June 30th.
