SUBJECT: NEW Core Data Screens

DESE has been developing a new design for the Core Data Screens, this new look will be implemented this weekend. This will require temporarily removing access to the DESE Web Applications. You may have noticed this statement on the DESE Web Applications page when logging into the system:

"Web Applications will not be available after 4:30 PM Friday, October 30, 2009 as a result of system maintenance. It is anticipated that the system will be available Saturday morning, October 31st, 2009."

We appreciate your patience as we update the system.
