DATE: December 7, 2011
SUBJECT: WEBINAR: Graduate Follow-Up Reporting using National Student Clearinghouse data

The Office of Data System Management is presenting a webinar focusing on the reporting of student graduate follow-up data as it pertains to using National Student Clearinghouse data. Through the National Student Clearinghouse the Department has received postsecondary enrollment information associated with the State's 2011 high school graduates. A report will be available in the MCDS Portal to assist districts in verifying which graduates from their district have enrolled in postsecondary institutions across the nation. The upcoming webinar is scheduled for Monday, December 19, 2011, from 10:00-11:00 a.m.
