PREFACE

STATE APPROVING AGENCY

Federal Laws and Missouri Statutes authorize the State Board of Education to approve courses for the education of veterans and eligible persons as provided by Chapter 36 and other applicable Chapters under Title 38, United States Code; Chapter 1606, Title 10, United States Code; and the Rehabilitation Act of 1973, as amended. The Veterans' Education and Training Section has been designated the State Approving Agency for these purposes.

APPROVAL STANDARDS

Common approval standards for these programs have been developed, approved by the State Board of Education, and registered with the Secretary of State (5 CSR 60-900.050).

The State Standards authorize the approval of courses as "accredited courses" when:

- 1) Such courses are offered at institutions that have been accredited and approved by an accrediting agency or association that is recognized by the United States Department of Education and the State Approving Agency; or
- 2) Credit for the course is approved by the Department of Elementary and Secondary Education for credit toward a high school diploma; or
- 3) The courses are conducted under Section 11-28 of Title 20, U.S. Code (Vocational Acts); or
- 4) The courses are accepted by the Department of Elementary and Secondary Education for credit for a teacher's certificate.

An asterisk (*) after the name of a school or course in this directory indicates approval as an accredited course.

Non-accredited courses may be approved when the courses and the school meet the detailed criteria of Section 3676, Title 38, U.S. Code, and 5 CSR 60-900.050.

GI Bill benefits, rate charts and information on page IV - VIII.

THE NONCONTRIBUTORY G.I. BILL- CHAPTER 34

The noncontributory G.I. Bill ended on December 31, 1989. No benefits are payable under the noncontributory G.I. Bill for any training pursued on or after January 1, 1990. It is possible, however, for some individuals who signed up for active duty by December 31, 1976, had no break in service, and continued on active duty for at least three (3) years after June 30, 1985, may be eligible for benefits under the old G.I. Bill (Chapter 34) crossover into the Montgomery G.I. Bill (Chapter 30) programs.

WIVES, WIDOWS AND CHILDREN OF VETERANS - CHAPTER 35

Wives and children of veterans are eligible for education assistance benefits if the veteran died or became totally disabled as a result of services in the armed forces. Wives and children of American prisoners of war are eligible for similar benefits. The son or daughter of the veteran generally must be between the ages of 18 and 26.

THE VETERANS' EDUCATIONAL ASSISTANCE PROGRAM (VEAP) - CHAPTER 32

The Veterans' Education and Assistance Act of 1975 provides educational and training assistance for persons entering the military service on or after January 1, 1977 and before July 1, 1985. Any individual on active duty in the armed forces who was eligible to enroll in VEAP on June 30, 1985, was allowed to enroll in this program prior to April 1, 1987. Benefits were accumulated by including contributions from the participating serviceperson and a matching fund from Department of Veterans Affairs at the rate of \$2 for each \$1 contributed by the participant. This act was amended to provide educational assistance benefits for apprenticeship and other on-the-job training, correspondence courses, and flight training.

MONTGOMERY G.I. BILL - CHAPTER 30, CHAPTER 1606, and CHAPTER 1607

The Montgomery G.I. Bill provides educational assistance for persons entering military services after June 30, 1985. This G.I. Bill consists of two components--the program of educational assistance for active duty service personnel (Chapter 30, Title 38, U.S. Code) and the educational assistance program for members of the Selected Reserve (Chapter 1606, Title 10, U.S. Code).

CHAPTER 30

Eligible persons with three years of service will be entitled to \$1,321.00 per month of education assistance for 36 months - a total of \$47,556.00. For those who initially enlist for two years, the rate is \$1,073.00 per month for 36 months. There will be a reduction of \$100 per month for the first 12 months of basic pay to qualify the participant for these benefits.

Only those persons who have met the requirements of a secondary school diploma (or an equivalency certificate) will be eligible for this educational assistance program. Individuals may satisfy the high school requirement if they successfully complete the equivalent of 12 semester hours in a program leading to a standard college degree.

Eligible persons may qualify for educational assistance, in addition to the basic benefits, commonly called a "Kicker", if directed by the Department of Defense.

Educational assistance benefits are payable for attendance at institutions of higher learning, non-college degree programs, apprenticeship, on-the-job training, correspondence courses, cooperative courses, license and certification test fees, and flight training. Veterans may pursue refresher, remedial and deficiency courses, qualify for tutorial assistance, or receive work-study benefits.

CHAPTER 1606

Educational assistance is also provided for persons who enlist, reenlist, or extend an enlistment for service in the Selected Reserve for a period of not less than six years. They are entitled to \$329.00 per month of education assistance for 36 months - a total of \$11,844.00. No reduction in pay is required under this program.

Educational assistance is payable for the pursuit of an undergraduate degree, non-college degree program, apprenticeship, on-the-job training, correspondence courses, cooperative courses, license and certification test fees, and flight training. Reservists may receive work-study benefits for services performed at approved facilities.

A reservist who fails to participate satisfactorily in the Selected Reserve is no longer eligible for educational assistance and may be required to repay a portion of the educational benefits received.

Chapter 1607

Chapter 1607 provides educational assistance to members of the reserve components called or ordered to active duty in response to a war or national emergency as declared by the President or Congress. It is retroactive to September 11, 2001 and 90 days after that date is the earliest effective date possible.

If you have previously drawn education or training benefits under Chapter 1606, you may be eligible to convert those benefits to Chapter 1607. The VA must verify eligibility, re-enter the previous awards and then you will be paid retroactively the difference between Chapter 1606 and Chapter 1607. Benefit rates for Chapter 1607 are \$528.40 to \$1,056.80 per month depending on eligibility.

Payment Rates:

The complete payment rate tables can be found on the Department of Veterans Affairs web site www.gibill.va.gov/GI.Bill.Info/rates.html.

INFORMATION

School administrators may obtain information regarding the approval of courses for the education of veterans and eligible persons by contacting the Director of Veterans' Education.

Veterans and eligible persons may obtain information or may apply for educational benefits by contacting their local Veterans' Services officer or the nearest Department of Veterans Affairs office.

This directory lists the names of institutions in Missouri that offer approved courses. The listing does not imply that all courses offered by the institutions are approved. The prospective student is urged to write or visit the school for specific information relative to courses, entrance requirements and costs.

INCREASE IN EDUCATION ASSISTANCE FOR SERVICE PERSONS

The Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398), which was signed into law by the President on October 30, 2000, gives many members of the Armed Forces a chance to receive increased payment for off-duty training and education.

- **Before this law**—the military services in most cases could pay up to 75% of the tuition or expenses charged by the school. This program is known as Tuition Assistance. Eligible service members had to find additional financing, or pay the remaining expenses, from their own pockets. A service member eligible for the Montgomery GI Bill (MGIB), a VA education benefit, wasn't allowed to receive both Tuition Assistance and the MGIB for the same course.
- **Now, with this law**—the military services can pay up to 100% of the tuition and expenses charged by the school. If a service department pays less than 100%, a service member eligible for MGIB can elect to receive MGIB benefits for all or a part of the remaining expenses.

A service member who receives MGIB benefits as a result of the provision will receive a lower rate once he or she is discharged. The full-time monthly rate will be the rate that would have been payable to him or her had he or she not used the MGIB in service for tuition assistance, reduced by the amount of payments received in service, divided by 36.

Example: The total amount of tuition assistance used by the veteran during his or her military career was \$1,950. If he or she had not used MGIB in service for tuition assistance, he or she would have 36 months at \$650 remaining, or \$23,400. His or her new monthly rate for full-time training as a discharged veteran will be \$23,400 minus \$1,950 divided by 36, or \$595.83 for 36 months.

SECTION I
VETERANS
and
VOCATIONAL REHABILITATION

Schools and courses listed in this section are approved for: (1) the education of veterans and (2) Vocational Rehabilitation.

This approval indicates that the school has met the minimum requirements of applicable laws and the standards of the State Approving Agency. In addition, the school must comply with the administrative requirements and federal regulations applicable to each program.
