

TO: District Test Coordinators, Curriculum Directors

FROM: Dawn Maddox, Director, Data Analysis and Reporting

SUBJECT: MAP 2006 Online Enrollment

Earlier this month, you were contacted by CTB McGraw/Hill regarding the availability of the online enrollment system. The online enrollment system opened on October 10 and is available through this Friday, October 28th. The online enrollment system allows you to report enrollment quantities for your districts and buildings to determine the number of test booklets needed for the 2006 MAP assessments. If you have not reported your enrollment quantities, please do so immediately. If you have questions or are unable to access the system, please call the CTB MAP Service Line at 1-800-544-9868 and select option "1."
