MISSOURI DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION
CERTIFICATION REQUIREMENTS FOR
SECONDARY EDUCATION (GRADES 9-12)

I. GENERAL REQUIREMENTS:
   A. A baccalaureate degree from a college or university having a teacher education program
      approved by the Missouri Department of Elementary and Secondary Education;
   B. Must have recommendation of designated official for teacher education in the college or
      university;
   C. Must have a grade point average of 2.5 on a 4.0 scale overall and in the major area of study;
   D. Must complete the content knowledge or specialty area test designated by the State Board of
      Education with a score equal to or greater than the Missouri qualifying score. If no content
      knowledge or specialty area test is designated for the area of concentration, completion of the
      Principles of Learning and Teaching: Grades 7-12 test is required with a score equal to or
      greater than the Missouri qualifying score;
   E. Completion of professional requirements as determined by the recommending college or
      university, which may exceed these minimum requirements; and
   F. Individuals who completed their teacher education program outside of the United States shall
      provide documentation of completion of course work in the following:
      1. English Composition, two (2) courses, each a minimum of two (2) semester hours;
      2. U.S. History, three (3) semester hours; and

II. PROFESSIONAL REQUIREMENTS: A minimum requirement of twenty-six (26) semester hours in
professional education as follows:

   A. Foundations of Teaching (Minimum requirement of eight (8) semester hours):
      1. The Pupil/Society--A minimum of six (6) semester hours with knowledge acquired and
         competency developed to the satisfaction of the teacher preparation institution in the
         following content areas:
            a. *Adolescent Growth and Development (Physical-Mental-Social);
            b. Adolescent Behavior Management Techniques;
            c. Psychology of Learning (must include adolescent learning);
            d. Adolescent Interaction with Others; and
            e. *Psychology and/or Education of the Exceptional Child (including the Gifted); and
      2. The School/Society--A minimum of two (2) semester hours with knowledge acquired and
         competency developed to the satisfaction of the teacher preparation institution in the
         following content areas, including multi-cultural aspects:
            a. Legal Foundations of Education;
            b. Historical Foundations of Education;
            c. Philosophical Foundations of Education; and
            d. Sociological Foundations of Education; and

   B. Secondary Methods and Techniques (Minimum requirement of eight (8) semester hours):
      A minimum of eight (8) semester hours with knowledge acquired and competency developed to
      the satisfaction of the teacher preparation institution in the following content areas:
      1. *Basic Reading Techniques for Secondary Teachers;
      2. Instructional Strategies for Secondary Teachers;
      3. *Curriculum, Methods, and Techniques in each subject area specialty;
      4. Measurement and Evaluation; and
      5. Microcomputer Applications in Education; and

   C. Clinical Experiences (Minimum requirement of ten (10) semester hours):
      Certification in grades 9-12 should include clinical experience at the secondary level. A minimum
      of two (2) semester hours prior to student teaching** and a minimum of eight (8) semester hours

*Denotes minimum of two (2) semester hours required.
**Required separate verification on transcripts; may be two (2) separate courses.
Teachers must be certificated in another elementary, middle school, or secondary teaching field.

Revised January 2008

III. SUBJECT MATTER REQUIREMENTS AS SPECIFIED FOR SPECIFIC AREA(S) OF CERTIFICATION

A. AGRICULTURE EDUCATION

1. General Requirements:
   Bachelor's of Science degree in Agriculture or an equivalent degree or Bachelor's of Science in Education degree with a major in Agriculture.

2. Subject Matter Requirements:
   a. Technical Agriculture
      The following six (6) areas will total thirty (30) semester hours:
      1) Animal Science ................................................................. 3
      2) Agronomy ........................................................................ 3
      3) Agricultural Business ...................................................... 3
      4) Agricultural Economics .................................................... 3
      5) Agricultural Mechanics .................................................... 3
      6) Horticulture ..................................................................... 3
      7) Elective from above ......................................................... 0-12
      8) Elective from the following suggested areas: ......................... 15
         Forestry, Natural Resources, Agriculture Journalism and
         Integrated Pest Management

      MINIMUM TOTAL SEMESTER HOURS ............................................ 45
   
   b. A total of at least eight (8) semester hours in professional vocational education courses, including
      the following areas:
      1) Methods of teaching vocational agriculture
      2) Program planning
      3) Developing and supervising occupational experience programs
         a) Ownership (Entrepreneurship)
         b) Placement
      4) Developing and using instructional materials and teaching aids
      5) Supervising student organizations
      6) Teaching agricultural mechanics
      7) Planning and conducting adult programs for young and adult farmers

   NOTE: Specialized professional vocational education course work in the area of Agriculture Education
   may be recognized as meeting the "Curriculum, Methods, and Techniques in Subject Area Specialty" within
   the professional education requirement for all secondary teachers and the balance of the specialized professional
   vocational education course work for teachers of Agriculture Education be viewed as specialized requirements
   beyond the general requirements.

B. ART

1. Design--Composition ............................................................... 2 2 2

2. Two-Dimensional Art (seven (7) semester hours minimum)
   a. Drawing ........................................................................... 3 3 3
   b. Painting ............................................................................ 2 2 2
   c. Graphics (such as printmaking, photography, and serigraphy) .... 2 2 2

*Teachers must be certificated in another elementary, middle school, or secondary teaching field.

D. BUSINESS EDUCATION—COOPERATIVE EDUCATION (continued)

8) Computer/Emerging Technology ................................................................. 9
9) Electives .................................................................................................... 0-6

**MINIMUM TOTAL SEMESTER HOURS** .......................................................... 30

b. A total of at least ten (10) hours in professional education courses, including the following areas:
   1) Methods of Teaching Business Education
   2) Curriculum Development for Business Education
   3) Implementing Business Education Programs
   4) Coordination of Cooperative Education

c. Two (2) years or four thousand (4,000) hours of approved occupational experience or appropriate
   internship is required. The approval is determined by the nature of employment in a business
   occupation.

E. COOPERATIVE EDUCATION requirements

1. General Requirements:
   Bachelor’s of Science in Education degree.
2. A total of at least eight (8) hours in professional education courses, including the following areas:
   a. Methods of Teaching Marketing Education
   b. Curriculum Development for Marketing Education
   c. Coordination of Cooperative Education
3. Two (2) years or four thousand (4,000) hours of approved occupational experience or appropriate
   internship is required. The approval is determined by the nature of employment in a business
   occupation.

F. DANCE

1. Dance Electives with appropriate distribution in the subject area ....................... 30

**MINIMUM TOTAL SEMESTER HOURS** .......................................................... 30

G. DRIVER EDUCATION*

1. Introduction to Safety Education ................................................................. 3
2. Driver Task Analysis ................................................................................... 3
3. Developing Vehicle Operation Skills and Competencies .................................. 3
4. Developing Classroom Knowledge ............................................................... 3

**MINIMUM TOTAL SEMESTER HOURS** .......................................................... 12

*Teacher must be certificated in another elementary, middle school, or secondary teaching field

H. ENGLISH

1. Composition and Rhetoric ........................................................................... 12
   (Must include a course in the teaching of writing)
2. Study of the English Language .................................................................. 5
   (Must include modern grammar, history of the language, and/or dialects)
3. American Literature ..................................................................................... 5
   (must include at least one (1) major unit or module in literature for adolescents
   and one (1) in literature of ethnic groups*)
4. English and/or World Literature .................................................................. 5
5. Elective English Credit .................................................................................. 3

**MINIMUM TOTAL SEMESTER HOURS** .......................................................... 30

*Ethnic groups include, but are not limited to, Afro-, Chinese-, Japanese-, Italian-, East European-, Jewish, Mexican-American, American Indian, or Puerto Rican.

   a. History/Philosophy of Science and Technology—two (2) semester hours
   b. Twenty (20) hours in Physics course work which includes:
      1) Mechanics
      2) Electricity and Magnetism
      3) Heat, Sound, and Light
      4) Atomic or Modern Physics
      5) Physics Electives
   c. Ten (10) additional hours in Science which includes:
      1) Chemistry
      2) Biology
      3) Earth Science
      4) Environmental Science

MINIMUM TOTAL SEMESTER HOURS..........................................................................................32

Note: The Environmental Science requirement may also be met by such courses as Basic Ecology, Environmental Geology, Human Ecology, or Social Biology.

T. SOCIAL SCIENCE

   1. U.S. History ................................................................................................................................12
   2. World History .........................................................................................................................8
   3. Political Science (State and U.S. Government) ........................................................................6
   4. Economics .............................................................................................................................3
   5. Geography .............................................................................................................................3
   6. Behavioral Science (Sociology, Anthropology, or Psychology) .............................................6
   7. Elective Social Studies ...........................................................................................................0-2

MINIMUM TOTAL SEMESTER HOURS......................................................................................40

U. SPEECH AND THEATRE

   1. Speech (to include two (2) semester hours in debate)..........................................................12
   2. Theatre ..................................................................................................................................12
   3. Electives (from Speech, Theatre, and/or Mass Communications) .........................................6

MINIMUM TOTAL SEMESTER HOURS......................................................................................30

V. UNIFIED SCIENCE

   1. BIOLOGY CERTIFICATE
      a. History/Philosophy of Science and Technology .................................................................3
      b. Biology (to include Zoology and Botany with labs) ..........................................................8
      c. Chemistry (with labs) .........................................................................................................8
      d. Physics (with labs) ............................................................................................................8
      e. Earth Science (to include Geology and Meteorology) .....................................................8
      f. Environmental Science .....................................................................................................4
      g. An additional twenty (20) semester hours in Biology to include course work in:
         1) Zoology
         2) Botany
         5) Microbiology
         6) Anatomy and Physiology
## V. UNIFIED SCIENCE (continued)

MINIMUM TOTAL SEMESTER HOURS 20

### 2. CHEMISTRY CERTIFICATE

- **History/Philosophy of Science and Technology** ................................................................. 3
- **Biology (to include Zoology and Botany with labs)** ...................................................... 8
- **Chemistry (with labs)** ......................................................................................................... 8
- **Physics (with labs)** ............................................................................................................ 8
- **Earth Science (to include Geology and Meteorology)** .................................................... 8
- **Environmental Science** ........................................................................................................ 4
- g. An additional twenty (20) semester hours in Chemistry to include course work in:
  - 1) Biochemistry
  - 2) Organic Chemistry
  - 3) Physical Chemistry
  - 4) Quantitative Analysis
  - 5) Qualitative Analysis
  - 6) Advanced Analysis
  - 7) Environmental Chemistry

MINIMUM TOTAL SEMESTER HOURS 59

### 3. EARTH SCIENCE CERTIFICATE

- **History/Philosophy of Science and Technology** ................................................................. 3
- **Biology (to include Zoology and Botany with labs)** ...................................................... 8
- **Chemistry (with labs)** ......................................................................................................... 8
- **Physics (with labs)** ............................................................................................................ 8
- **Earth Science (to include Geology and Meteorology)** .................................................... 8
- **Environmental Science** ........................................................................................................ 4
- g. An additional twenty (20) semester hours in Earth Science to include course work in:
  - 1) Geology/Physical Geography
  - 2) Astronomy
  - 3) Meteorology
  - 4) Paleontology
  - 5) Oceanography

MINIMUM TOTAL SEMESTER HOURS 59

### 4. PHYSICS CERTIFICATE

- **History/Philosophy of Science and Technology** ................................................................. 3
- **Biology (to include Zoology and Botany with labs)** ...................................................... 8
- **Chemistry (with labs)** ......................................................................................................... 8
- **Physics (with labs)** ............................................................................................................ 8
- **Earth Science (to include Geology and Meteorology)** .................................................... 8
- **Environmental Science** ........................................................................................................ 4
- g. An additional twenty (20) semester hours in Physics to include course work in:
  - 1) Quantum Physics
  - 2) Atomic/Nuclear Physics
  - 3) Heat/Thermodynamics
  - 4) Health Physics
  - 5) Optics
  - 6) Electricity/Magnetism
  - 7) Statistics/Mechanics

MINIMUM TOTAL SEMESTER HOURS 59

Techniques/Methods of Teaching Science will include: safety, lab techniques, and research process skills.

This certificate will allow a teacher to teach any of the beginning sciences (i.e., Biology I or Chemistry I). A certificate is required for each area in which an advanced class is taught (i.e., Biology II and Chemistry II).
W. VOCATIONAL FAMILY AND CONSUMER SCIENCES*
moved to Family and Consumer Sciences, B-12.

GRADES
9-12

Revised January 2008
