Subject: Title I and IDEA Regular and ARRA Allocations

Sent on behalf of Bert Schulte, Interim Commissioner of Education

In accordance with my memo to you on April 6, 2009, DESE has calculated both the regular and ARRA allocations for Title I and IDEA. The Title I allocations are available at:

<http://dese.mo.gov/divimprove/fedprog/financialmanagement/Allocation%20Info.htm>

The IDEA allocations will be posted Monday, April 13.

These ARRA allocations, like all ARRA funds as well as the regular federal funds, are subject to appropriation by the General Assembly, and this process is not yet complete for FY2010. Therefore, the allocation amounts are provided on a preliminary basis for planning purposes. The receipt and timing of those funds are not assured until the legislative process is complete and the Governor has signed the budget.

Please contact our Title I and Special Education offices with your questions about the uses of the regular or ARRA allocations.
