## DEPARTMENT GOALS NOS. 1-4:

All Missouri students will graduate college and career ready.

All Missouri children will enter kindergarten prepared to be successful in school.

Missouri will prepare, develop and support effective educators.

The Missouri Department of Elementary and Secondary Education will improve departmental efficiency and operational effectiveness.

## SUMMARY:

The Executive Leadership Team will provide an update on the Department's accomplishments for the past school year, FY2014, and will outline targets for the current school year, FY2015, in relation to implementing the Top 10 by 20 Plan.

This year's actions and targets provide greater focus, consistency, integration and impact on the goals and strategies employed by the Department. There is greater alignment among the Department's offices related to the supports, resources and assistance that is being provided to local education agencies, schools and classroom teachers. To achieve the four goals of the Top 10 by 20 Plan, the strategies, actions and targets focus on the following:

- Leadership
- Collaborative culture and climate
- Teaching/learning practices
- Assessments to inform teaching and learning
- Effective use of data
- Parental and/or community engagement

## RECOMMENDATION:

The Department recommends that the State Board of Education approve the Top 10 by 20 Plan.

## Top 10 by 20 Plan Fiscal Year 2014-2015

The Missouri Department of Elementary and Secondary Education has launched Top 10 by 20, a major improvement effort that aims for student achievement in Missouri to rank among the top 10 performing states by 2020. The Missouri State Board of Education and the Department of Elementary and Secondary Education are committed to excellence. The success of Missouri students depends on both a solid foundation of skills and the ability of students to apply their knowledge and skills to the kinds of problems and decisions they will likely encounter after they graduate. The challenge to excel is ongoing. The work we need to do is transformational, not incremental. The key to our success in transforming education in Missouri will reside in our ability to *focus* on a *few* goals with a *few strategies* that are done with *precision* and *fidelity*. Consistent with the best current research available, the strategies and actions focus on leadership, collaborative culture and climate, teaching/learning practices, assessments to inform teaching and learning, effective use of data, and parental and/or community engagement.

<b>GOAL 1: All Missouri students will graduate college and career ready.</b>			
<b>OBJECTIVE 1: By 2020, student achievement will rank among the Top 10 states.</b>			
A. The percentage of students scoring at or above the proficient level on the National Assessment of Educational Progress (NAEP) will increase at each test administration.			
B. The percentage of students scoring at or above the proficient level on state assessments will increase each year to meet or exceed the annual “on track” MSIP targets for all students and subgroups, placing the state on track to Top 10 performance by 2020.			
C. The percentage of students scoring below basic on state assessments will decrease by 1% annually.			
<b>OBJECTIVE 2: By 2020, all students will qualify for entrance into postsecondary education/training.</b>			
A. The percent of students who achieve a qualifying score or above on a college and career readiness assessment will increase annually.			
B. The percentage of students who graduate will increase annually.
