

Missouri FCCLA Media Team — State Leadership Conference

What is the FCCLA Media Team?

The Missouri FCCLA Media Team is a team of up to six volunteers who have an interest in technology and social media. They will be updating the official Missouri FCCLA blog, Facebook® page and Twitter® feed with conference news and photos from their own unique perspectives. The Media Team will provide real-time updates to conference attendees as well as those unable to attend the meeting, such as parents, administrators, and other chapter members.

Who is eligible to apply?

Potential Media Team members must have experience with social media tools, including Facebook®, Twitter®, or blogging. Media Team members will also be taking photos and videos, so experience with simple photo editing and movie making tools such as Animoto® or Microsoft Movie Maker is a plus. Media Team members should be good writers—students who know how to write in a concise, informational, but yet conversational style.

In order to be eligible to be a member of the Missouri FCCLA Media Team, complete this form and submit by February 20. You will be notified by March 1 if your application has been accepted. Selected media team members will receive a \$75 refund toward their conference registration, *after* successfully completing their Media Team assignments.

Members—Missouri FCCLA members in their junior or senior year in high school are eligible to apply. Previous attendance at a state leadership conference is not required.

Advisors—Interested Missouri FCCLA advisors are encouraged to apply. It is recommended that these advisors have at least one additional adult chaperone with their group at the conference, so that travel off-site is possible. Adult media team members may be asked to visit off-site locations to report on STAR Events competitions.

What is the commitment?

Those selected as Media Team members will be expected to complete daily assignments by a set deadline schedule. Media Team members will be assigned duties that best fit their skills and meet the state association needs. All members of the Media Team will report to the Media Team Coordinator. Examples of work include writing blog posts, taking photographs to be used on the blog or in a day in review video, editing photos and videos, and updating the official Missouri social media sites.
