Marshall FFA from Missouri Named 2017 National Model of Excellence Winner

INDIANAPOLIS (*Thursday, Oct. 26, 2017/National FFA Organization*) – The Marshall FFA Chapter from Missouri has been named the 2017 National FFA Model of Excellence winner at the 90th National FFA Convention & Expo in Indianapolis.

The National Chapter Award program recognizes outstanding FFA chapters that actively implement the mission and strategies of the organization. These chapters improve chapter operations using the National Quality FFA Chapter Standards and a Program of Activities that emphasizes growing leaders, building communities and strengthening agriculture. Chapters are rewarded for providing educational experiences for the entire membership.

To encourage students interested in agricultural construction careers, Marshall FFA organized “Welding Our Future Together.” This included a welding workshop, a tour of Missouri Welding Institute and tutoring for the scholarship competition. During the workshop, FFA members received guided practice on industry welds from a trade school instructor. In addition to this activity, the chapter also conducts activities such as a kindness campaign, “I Believe” packages and coloring for agriculture.

High school chapters that received high three-star ratings during judging in the summer are eligible to compete for the Model of Excellence award, the highest honor awarded to a high school FFA chapter by the National FFA Organization. Ten FFA chapters competed in a presentation and interview process for the top honor during this year’s national convention. Marshall FFA received a plaque in an onstage ceremony during the convention’s second general session on Thursday, Oct. 26.

The National Chapter Award program is sponsored by John Deere.

The National FFA Organization provides leadership, personal growth and career success training through agricultural education to 653,359 student members who belong to one of 8,568 local FFA chapters throughout the U.S., Puerto Rico and the U.S. Virgin Islands. The organization is also supported by 344,239 alumni members in 2,051 alumni chapters throughout the U.S.

###

About National FFA Organization

The National FFA Organization is a national youth organization of 653,359 student members as part of 8,568 local FFA chapters in all 50 states, Puerto Rico and the U.S. Virgin Islands. The organization is supported by 344,239 alumni members in 2,051 local FFA Alumni chapters throughout the U.S. The FFA mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. The National FFA Organization operates under a federal charter granted by the 81st United States Congress and it is an integral part of public instruction in agriculture. The U.S. Department of Education provides leadership and helps set direction for FFA as a service to state and local agricultural education programs. For more, visit the National FFA Organization online at FFA.org and on Facebook, Twitter and the official National FFA Organization blog.

About National FFA Foundation

The National FFA Foundation builds partnerships with industry, education, government, other foundations and individuals to secure financial resources that recognize FFA member achievements, develop student leaders and support the future of agricultural education. Governed by a 19-member board of trustees composed of educators, business leaders, individual donors and FFA Alumni, the foundation is a separately registered nonprofit organization. About 82 percent of every dollar received by the foundation supports FFA members and agricultural education opportunities. For more, visit FFA.org/Give.

Paris FFA from Missouri Named 2017 National Premier Chapter: Growing Leaders Winner

INDIANAPOLIS (*Thursday, Oct. 26, 2017/National FFA Organization*) – The Paris FFA Chapter from Missouri has been named the 2017 National Premier Chapter: Growing Leaders winner at the 90th National FFA Convention & Expo in Indianapolis.

The National Chapter Award program recognizes outstanding FFA chapters that actively implement the mission and strategies of the organization. These chapters improve chapter operations using the National Quality FFA Chapter Standards and a Program of Activities that emphasizes growing leaders, building communities and strengthening agriculture. Chapters are rewarded for providing educational experiences for the entire membership.

During “Beef Up Reading,” Paris FFA encouraged elementary students to get excited about reading. They challenged elementary students to read and log more than 95,000 minutes of reading in a month. FFA members visited classrooms to motivate the students and share about the importance of reading. The chapter even got parents involved by hosting a free barbecue brisket dinner for all students, parents and teachers during the Title I Reading Night. FFA members enjoyed setting goals and helping the elementary students to reach them to reinforce the importance of reading.

Chapters eligible to compete for the National Premier Chapter: Growing Leaders award demonstrate competency in doing innovative things or taking traditional concepts and applying a creative twist in the growing leaders division of the chapter’s Program of Activities. Ten three-star chapters competed in a presentation and interview process for the top honor during this year’s national convention. Paris FFA received a plaque in an onstage ceremony during the convention’s second general session on Thursday, Oct. 26.

The National Chapter Award program is sponsored by John Deere.
