### Continuation of Services

There are three circumstances in which an LEA may continue to provide services to children whose eligibility has ended:

- a child who ceases to be a migratory child during a school term shall be eligible for services until the end of such term;
- a child who is no longer a migratory child may continue to receive services for one additional school year, but only if comparable services are not available through other programs; and
- secondary school students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation.
