To ensure that the work of educators participating in this project will be available for the use of schools, the Department of Elementary and Secondary Education grants permission for the use of this material for non-commercial purposes only.
Lesson Measurable Learning Objectives:
The student will list the steps to setting short- and long-term personal and educational goals.

Lesson Formative Assessment (acceptable evidence):
Assessment should relate to the performance outcome for goals, objectives and GLEs.
Assessment can be question answer, performance activity, etc.
The student will explain, orally and in writing the step-by-step process for goal setting.

Lesson Preparation

Essential Questions:
Why do people set goals?
What happens when someone reaches a goal?

Engagement (Hook):
“Think about something you want to accomplish and imagine it 5 ft. in front of you. Take one step to get to the accomplishment. (They will find they can’t do it. Some students will fall down when they try to take a really large step.) What happened? Did you reach what you wanted to accomplish in one step? How would additional and specific directions from me have helped you get to your accomplishment? We’re going to talk about how it sometimes takes many steps to accomplish something in a short or long period of time.”

Procedures

Instructor Procedure/Instructional Strategies:
1. “If you want to accomplish something, you have to know where you want to GO (Goal) and how you will get there (steps to your Goal).” Divide students into groups of four by counting off. The instructor explains that the students are going to brainstorm ideas together. “Who will explain what brainstorming means?” Brainstorming is when students come up with a variety of ideas to answer a question.

   a. The instructor asks students to brainstorm to answer the following: What is a goal?

   b. Students brainstorm the following: What

Student Involvement/Instructional Activities:
1. Students number off. Two or three students will explain the process of brainstorming to the class and get into their groups.

   a. Students will brainstorm what they think a goal is. Possible responses:
      • A goal is something a person wants to accomplish or improve.
      • Something I want to improve.

   b. Students brainstorm ideas on what a
are ideas for personal goals? What are ideas for educational goals?

Personal Goal: A personal goal is something you want to learn or improve on in your life. Example: I want to improve my basketball skills: free throw shooting and vertical jump.

Educational Goal: An educational goal is a goal you set to accomplish or improve on in school. Example: “I learn to say my multiplication facts really fast.”

2. There are two types of Educational and Personal Goals: Short-Term and Long Term Goals. Brainstorm in small groups what short and long term goals mean.

a. A short-term goal is a goal that can be accomplished in a short period of time. Example: I will finish this before recess. Discuss other examples.

b. A long-term goal is a goal that is worked on over an extended period of time. Example: This science project is due in three weeks. I will start on it by Friday. Discuss other examples.

3. Introduce the steps in setting goals.

a. Goal - Choose goal
b. Discuss - Discuss the goal with the teacher or friend, if necessary.
c. Plan - The student makes a step-by-step plan and writes it down.
   1) How do I start my goal?
   2) What will help me complete it?
   3) What actions will I take to reach my goal?
d. Timeline - Set a timeline (beginning and ending date and time).
e. Self-Assess – How will you check your goal.
f. Evaluate- the students will evaluate their success at the end of the timeline.

4. Students are given an Activity Sheet “The Steps For Setting a Goal” to write the step-

2. Discuss possible responses and write their responses on a piece of paper to share with the class. Groups share their ideas.

3. Review steps in setting a goal:

4. Students will complete the sheet and review the steps with the class to self-
