DISSERTATION TITLE

An International Quantitative Comparative Content Analysis of Reading Curriculum Using a 21st Century Framework (2016)

Dear State Board of Education:

The Missouri Association of Colleges for Teacher Education membership has elected Dr. Tammy Moore as our representative for MACCE. Dr. Moore has been an active member of our organization for many years, particularly in the Certification Officers group. Her knowledge about the certification process and the changes at DESE are rare in the state, as many institutions experience turnover in that position. Her perspective working at Lindenwood University, which has a large School of Education, will be valuable to the advisory group. Dr. Moore is also a fierce recruiter and advocate for underrepresented populations in teacher education.

Please let me know if you need any other information, as I worked with Dr. Moore at Lindenwood for years. Her work as a Certification Officer is outstanding, and I look forward to her contributing to MACCE.

Sincerely,

Beth Kania-Gosche

Beth Kania-Gosche, PhD

MACTE President

Chair and Professor of Teacher Education

Missouri University of Science & Technology
