

MISSOURI STATE BOARD OF EDUCATION AGENDA ITEM:		June 2017				
UPDATE ON THE DEVELOPMENT OF MSIP 6						
STATUTORY AUTHORITY:						
Sections 160.261, RSMo	<input type="checkbox"/>	Consent Item	<input type="checkbox"/>	Action Item	<input checked="" type="checkbox"/>	Report Item
DEPARTMENT GOAL NO. 1:						
All Missouri students will graduate college and career ready.						
SUMMARY:						
<p>The State Board of Education first established standards for the classification and accreditation of Missouri school districts in 1950. In 1990, the Department of Elementary and Secondary Education (DESE) transitioned from the AA/AAA classification system to the Missouri School Improvement Program (MSIP). This transition allowed DESE to review a district's resources, processes and for the first time academic achievement. Over time, MSIP has been systematically revised and improved to reflect the changing needs of our schools and the changing demands and expectations of their stakeholders.</p> <p>DESE is currently in the process of working with six development teams to review and provide recommendations for modifications of the current classification system (MSIP 5). The development teams have been organized into six areas:</p> <ul style="list-style-type: none"> • Academic Achievement • Climate and Culture • Effective Educators and Instructional Practices • Effective and Stable Leadership and Governance • Success Ready Graduates • Systems and Processes <p>This presentation will discuss the progress each development team has made in their work.</p>						
PRESENTER:						
Chris Neale, Assistant Commissioner, Office of Quality Schools, will assist with the presentation and discussion of this agenda item.
