

Missouri Transforming Educator Preparation

UPDATE

MoTEP

November 2016

<https://dese.mo.gov/educator-quality/educator-preparation/mo-transforming-educator-preparation>

The State MoTEP team meeting was held November 22, 2016. After the welcome and introductions, the team adjusted the MoTEP plan for year two of Missouri's participation in NTEP. The following activities were added to the plan:

- Host a PK-12/IHE summit
- Strengthen partnerships and clinical experiences
- Continue development of the APR 2.0
- Complete and use a Support and Intervention Plan for struggling preparation programs
- Establish a pilot project to explore sharing of data between PK-12, IHEs and DESE
- Establish networks and structures to ensure that MoTEP endures beyond NTEP

BUDGET DEVELOPMENT

The team created a budget with the following categories and budgeted amounts:

- Certification Committee/Focus Groups - \$2,000
- Educator Look-Up - \$3,000
- Host collaborative PK-12/IHE state meeting - \$5,000
- Host regional PK-12/IHE collaboratives - \$10,000
- Professional learning opportunities for cooperating teachers - \$5,000
- Create a proof of concept paper on data sharing - \$5,000
- Regional pilots between PK-12 and IHEs on data sharing - \$20,000
- General Education (SB997) aligned to MoGEA - \$5,000
- Total - \$55,000

WHY IS COMPLETING THIS WORK SO IMPORTANT?

This statement was created as a follow-up to discussions at MoTEP and part of the NTEP national meeting:

All providers, as a part of the educator preparation system, continually improve their efforts to deliver appropriate training and support which enable teacher candidates to be ready to make a positive impact on day one.

REGIONAL COOPERATING TEACHER FORUM

An update on the Regional Cooperating Teacher Forums was provided, with feedback from cooperating teachers on ways to support/assist teacher candidates during their clinical experience. These are possible next steps:

- Provide follow-up PD to cooperating teachers
- Host a spring PK-12/IHE joint meeting as a MACTE pre-conference session
- Develop a Master Mentor (cooperating teacher) recognition program
- Develop a Master Mentor (cooperating teacher) certificate (includes credit)
- Design a Teacher Leadership Ed. Specialist degree program

NTEP EQUITY DATA DASHBOARD WEBINAR

Members listened to the webinar hosted by CCSSO/NTEP.

UPDATES

Daryl Fridley and Beth Kania-Gosche presented an update on the status of the APR 1.5 and the outlook for APR 2.0. The design for APR 1.5 comes out after the new year for all preparation programs. This version will be presented to the State Board of Education in February. Work on the APR 2.0 version is underway. It was noted that the collaboration between MoTEP members and DESE has resulted in a much better and more useful process.

MOTEP NEXT STEPS

The national NTEP meeting is set for March 15 - 17, 2017.
