amy.d.trapp@gmail.com
atrapp@aatastlb.org

What does student success look like to you?

Coping skills; learning how to fail but try again until they succeed

What do school communities need to do to prepare students for success after graduation?

Inq Based / trauma informed training; support & empower school nurses.
learning / reduce class size; increase salaries for educators (meet national ave.)

* Parents as teachers - Back in schools & funded. Address gaps early
Better use / communication / understanding of school data
Custom / adjust learning by skill level.

How will you know Missouri schools have been effective in preparing students for success after graduation?

Community improvements | increased # of students in college / military / vocat.
↑ Health outcomes improve | increase in household income
↓ unemployment & crime rates | Drop out rate decreases
↑ pride in school improved | Students more ↑; past proficiency

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

EQUITABLE FUNDING ACROSS STATE

Give Educators tools necessary to address needs in own community
Build & Strengthen community partnerships
More autonomy of school systems w/ community

Use data tracking already in place

Name (Optional): Kelly Garrett

What does student success look like to you?

✓ Character + academics - ~~then~~ empower students to self actualize.

↳ give them the skills & experiences necessary to engage in an

~~ever~~ changing world. Rigorous academics + intense engagement

with others * [Joyful STRUGGLE] *

What do school communities need to do to prepare students for success after graduation?

JOYFUL STRUGGLE - Allow students to think and problem solve throughout their academic careers. Inspire them to engage and question their surroundings and be a part of a team.

How will you know Missouri schools have been effective in preparing students for success after graduation?

High quality standards w/ aligned assessments. College completion rates increase and equitable across all demographic groups.

EQUAL COLLEGE COMPLETION RATES FOR HIGH & LOW INCOME STUDENTS

SCHOOLS WILL BE SUCCESSFUL IF WE PUT OUR PRISONS OUT OF BUSINESS!!!

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Every child has a great school they can attend! Great teacher in every class.

Close schools that fail children.

Name (Optional): _____

What does student success look like to you?

- Prepared with both skills and knowledge to participate in all aspects of society - civil, family, career, hobbies.
- Measurements of success in school should be tailored to assess progress towards that end

What do school communities need to do to prepare students for success after graduation?

- Differentiated learning (not everyone learns exact same thing at same time)
- Active learning opportunities (students engaged)
- Exposure to more real world experiences/occupations/people/problems to solve
- Bridging students to their next step in life (great/effective counselors)
- Reward good teachers, help less effective teachers get better or leave

How will you know Missouri schools have been effective in preparing students for success after graduation?

Increase in students who have successfully transitioned to work, college, technical school, the military, etc and are on their way to being productive members of society - low "slacker" numbers, higher voter turnout, Missouri economic growth accelerates relative to its neighboring states.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- Local control, but improvements in sharing of ideas between districts
- More holistic ways of measuring schools - move beyond standardized tests
- Getting rid of common core-like standards so we can be more flexible and set higher standards

Time-Management*

Name (Optional):

Julia Kotets &
the team

What does student success look like to you?

- Child comes home w/ words "I had a great day!" - ^{Enjoying} what he does
- Students have a sense of purpose going to school and are curious.
- Students value education and do the best to achieve and succeed. → self-directedness
- Every child maximizing strengths & areas they are working on
- When student not only performs well academically but feels successful socially and emotionally.

What do school communities need to do to prepare students for success after graduation?

- Schools provide college/AP courses so students are prepared for the next step - college itself
- * something like ^{experience} what life will be like beyond high school
- Expose to various career fields

- Offering "true PD" - exposure to careers ^{◦ leadership development} ^{◦ character development} ^{◦ time management}
- A test that could help children identify possible future career
- College preparation starting at elementary - college trip to show how it's possible to afford college

How will you know Missouri schools have been effective in preparing students for success after graduation? ^{programs + experiences} level.

- When there is no unemployment
- No state aid needed
- * Students move from high school to college/career with ease

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Parents, students and educators ~~are~~ must understand that the "next step" (college & career readiness) prep begins ~~at~~ early (birth/preschool/elementary). It is not a matter of the last couple of years of high school.

Name (Optional): _____

What does student success look like to you?

For my student to enjoy what they're doing at school.

What do school communities need to do to prepare students for success after graduation?

FOR Students to be more aware of what is expected.
When they know

- true professional development;

How will you know Missouri schools have been effective in preparing students for success after graduation?

no unemployment.
no state aid-

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

That each student sees what the relevance of education is to them individually, and therefore move forward, according to their personal ability-

Name (Optional):

[Handwritten initials]

What does student success look like to you?

Students have acquired the basic skills and can utilize that knowledge to explore learning / future options. They are successful when they show they can retain and build on those skills. (Be creative, engage students)

What do school communities need to do to prepare students for success after graduation?

Be a safe place. | Get involved! | economic freedom... | gainful employment
greater community | enroll in extended learning (College or Trade) | ↳ from high school

How will you know Missouri schools have been effective in preparing students for success after graduation?

Employment up, crime down, what are you valuing in education?

Community involvement, employment to sustain your life
teaching kids to have a strong work ethic

Companies coming here because of a strong workforce

Graduates who show Pride in their community

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Funding same as Academic level, focus on Arts education
gifted education, mental health awareness + training
Creating/providing a stable, safe, quality opportunity to learn

Name (Optional): _____

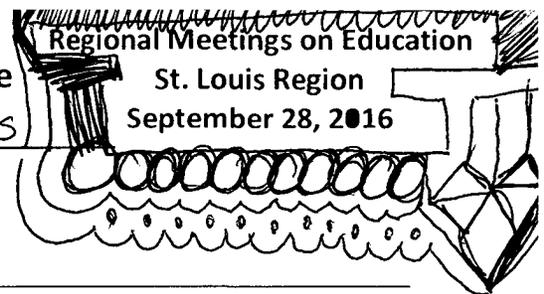

What does student success look like to you?

Productive Students / Culturally Competent / *Assessment Data Used by Student*
College & Career Ready w/o remediation *for personal growth*
Problem-solving & Adaptability
Personal Advocacy / Student involvement outside of school hours

What do school communities need to do to prepare students for success after graduation?

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

What does student success look like to you?

Taxpayers

problem-solvers, confident
confident community members

What do school communities need to do to prepare students for success after graduation?

Reform funding mechanisms to ensure equity
in education.

"level the playing field in the St. Louis area."

How will you know Missouri schools have been effective in preparing students for success after graduation?

→ Employment 100%

Prison Population 0%

When MO students want to stay

No student has to take remedial classes in college.
- alumni returns

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Equitable funding for all students

Name (Optional): _____

What does student success look like to you?

Happy, well-adjusted students who are self-directed problem solvers. Being constantly tested in school does not create this type of student.

What do school communities need to do to prepare students for success after graduation?

Experiential learning rather than rote learning.

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

The teacher is the most important aspect of education. Every classroom needs a dedicated, creative teacher with a strong interest in students. They do not need to necessarily score high on state or national tests in order to become a teacher.

Name (Optional): _____

What does student success look like to you?

A smiling, alert, confident participant in the community

What do school communities need to do to prepare students for success after graduation?

form linkages with business

How will you know Missouri schools have been effective in preparing students for success after graduation?

Funding → how to get \$ distributed equitably

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

① Linkage to Community

PreK → Senior Citizens

②

Tim Rickard

Name (Optional): _____

What does student success look like to you?

Self-directed, feedback (open to it)
react to it in the positive to the product

What do school communities need to do to prepare students for success after graduation?

① Establish what the expectations are (i.e. clear target); resources/funding
for a successful graduate

② Relevant learning experiences in/out of school

How will you know Missouri schools have been effective in preparing students for success after graduation?

Mess. of Satisfaction (parents/SS); Students (grads are retained in state & also being
recruited out of state)

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

That ~~every~~ students are ~~well~~ supported in all areas (academic, resources, health)

Name (Optional): _____

What does student success look like to you?

- Students have mastered necessary skills
- Students have the skills they need to pursue their ambitions
- Students enjoy coming to school and are involved in their school and/or community

What do school communities need to do to prepare students for success after graduation?

Measure and monitor the effectiveness of their instructional programs from beginning to end (Pre-K - 12th grade)

How will you know Missouri schools have been effective in preparing students for success after graduation?

* When no students is required to begin college ~~or~~ ~~that~~ in remedial courses

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Maintain the high standards that you (DESE) have established for prospective teachers and for school districts. Foundational skills are essential and so are assessments of learning.

Name (Optional): _____

What does student success look like to you?

Engage in the classroom, Confidence
Kids have options

What do school communities need to do to prepare students for success after graduation?

Collective responsibility - let them know what opportunities are
available after school graduation? Collaboration ^{towards excellence} rather
than competition among the different ^{school} communities in the district
^{surrounding} districts, throughout the state and country, etc. (the Global
School District)

How will you know Missouri schools have been effective in preparing students for success after graduation?

They are productive citizens (quality) in society
employment

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Name (Optional):

Lauren Dickerson

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

~ prepare them to be a positive asset to their communities ~ and help them to get through barriers put up by poverty, etc.

How will you know Missouri schools have been effective in preparing students for success after graduation?

- It should be evident (eventually) through the community.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

~ Early Childhood Education Available to all MO Residents (regardless of income)
~ Equity of educational opportunities for all students - not based on students' zip codes

Name (Optional): _____

What does student success look like to you?

- 1) Loves to learn
- 2) Is curious and encouraged to find answers

What do school communities need to do to prepare students for success after graduation?

~~Atta~~ Teach students that you will fail but this is how you learn from failing and starting over. Teaching students that failure may be good for you.

How will you know Missouri schools have been effective in preparing students for success after graduation?

They will be participating members of the community. Job developers and lower poverty levels.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Having students who learn about the joy of finding answers - which will lead to more successful students who go on to lead successful lives as adults.

Name (Optional): _____

What does student success look like to you?

Growth : Interest in learn (excitement)
Engagement : goal setting
social emotional growth

What do school communities need to do to prepare students for success after graduation?

life skills training: | help students
- cooperation | find their passion
- discussion/communication
- critical thinking | ask difficult questions

How will you know Missouri schools have been effective in preparing students for success after graduation?

Students have an idea of their path
in life, see
active community members
employable

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Treat students as individuals and allow
teachers the flexibility & support to meet
their needs.

Name (Optional): _____

What does student success look like to you?

Students feeling capable in continuing their learning outside the classroom. and confident
· Loving to learn

What do school communities need to do to prepare students for success after graduation?

Have a comprehensive approach to the students education - addressing the "whole" child and meeting their basic hierarchy of needs.
Connect them to their community and expand their knowledge of the world around them.

How will you know Missouri schools have been effective in preparing students for success after graduation?

- Tracking systems
- Poverty levels
- Job Placement
- Incarceration rates
- Business generated
- Community health
- Pride in pub. educ.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- Communities support schools (equal resource distribution)
- All schools are safe environments for learning
- Schools graduate students who love learning
- Unbiased assessments

Name (Optional): _____

What does student success look like to you?

Student success is when every student has reached their greatest potential. If its there very best its there very best. Engagement goal setting safe nurturing environment to learn. IT'S Differentiated

What do school communities need to do to prepare students for success after graduation?

Be an advocate for their child and his/her education. Provide positive Experiences in the Community

How will you know Missouri schools have been effective in preparing students for success after graduation?

Tracking system to track student success.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Require Autonomy

Name (Optional): _____

What does student success look like to you?

Success is a child who is excited to come to school each day. This student is curious and willing to advocate for him or herself when needed. A student

What do school communities need to do to prepare students for success after graduation?

Within my school, we work on project based learning that is student led. Students work to collaborate ~~and~~, critically think, and problem solve all while ~~keep~~ fostering a community and safe learning environment.
 [Grit] independence
life skill
integrat w/ in educatio
exposure

How will you know Missouri schools have been effective in preparing students for success after graduation?

o

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

That students are successful

Name (Optional):

Cathy Cole

What does student success look like to you?

Students who are actively learning using a variety of method-effective techniques in schools that understand the need for social-emotional health.

What do school communities need to do to prepare students for success after graduation?

Experiential learning ~ Real-life instruction outside of the classroom ~ Love life
Critical-thinking skills ~
foundational ~ competencies ~ Character in balance

How will you know Missouri schools have been effective in preparing students for success after graduation? →

- make it about kids and not about scores and statistics
 - reconsider how we measure success.
 - Give schools and districts the support needed in social/emotional +
- Give our students the best education.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- ④ Autonomy and accountability
 - ④ not a "one-size-fits-all" approach w/ high-stakes testing.
 - ④ We are unique communities and our students are unique individuals who
- Reverse the best education.

Name (Optional): Karen Kemp-Ogys

What does student success look like to you?

Critical thinking skills; problem solving; ready to take the next step; civic minded ^{w/} social justice; globally competitive; ~~see~~ sensitive & well-adjusted; confidence to lead their own lives; healthy self-esteem; clearly defined sense of self & their convictions; Compassionate; Kind, caring & ethical; work ethic

What do school communities need to do to prepare students for success after graduation?

1/2 cr. of Personal Finance, Parent Unites (navigating real world systems) ~~the~~ Build business partnership to optimize student partnerships | Advocates from federal & state levels to help w/ school district reforms | Allow for authentic experiences

How will you know Missouri schools have been effective in preparing students for success after graduation?

Missouri produces the best students testing proficient to advanced and pulling those falling in the lower quartiles up. Businesses relocate to Missouri due to the quality of our workforce (Missouri graduates), lower prison numbers & high graduation #'s.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

What matters most to me in public education is opening the pipeline of out-of-state travel and international travel for our higher achieving students, ^{on an academic track record geared toward success.} This will give our Missouri students an incredible advantage.

I believe students at elementary need more time to explore nature. In the UK, they've switched their

focus to have more time for students to learn outside skills; i.e. survival skills, nature exploration, spending time outdoors. The study has proven less (2 yrs) anxiety amongst elementary aged children. I discovered this summer 2016.

Name (Optional): _____

What does student success look like to you?

Individualized to each student ^{with a focus} ~~focused~~ on intermediate & long term
success academically, emotionally, and ready for the real world.
Independent, curious learners who are not afraid to fail.

What do school communities need to do to prepare students for success after graduation?

Intentionally partner ~~for~~ to expose students to the
greater world around them in order to benefit them academically, &
emotionally,

How will you know Missouri schools have been effective in preparing students for success after graduation?

A sense of civic and community pride returns, business investment
in our communities grows, and innovation returns to our state.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

equity & equality for all.
Continue this conversation and make it regular.

Name (Optional): _____

What does student success look like to you?

Socially, emotionally, academically - well rounded
immediate success - future success (looking @ the whole
student) → in current coursework, transition to post secondary -
Beyond - workforce - a village to raise a child

What do school communities need to do to prepare students for success after graduation?

Exposure to diversity & educationally & globally, created a well rounded -
Begin with the end in mind - what defines a well-rounded student/academic,
(social, emotional) provide opportunities through instruction with real world
experiences. - goal leaders, teachers,

and communities - working collaboratively to expose students

(effective school leaders - to diversity educationally & globally, by providing students with relevant instructional experiences.)

How will you know Missouri schools have been effective in preparing students for success after graduation?

Not just by the number (data), but by focusing on the number of
students who enter the workforce, grow your own,
partnerships, individual success

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Student preparation - student involvement - rigorous & relevant learning
experiences - opportunities to help students to make the choice to
become educators -

Name (Optional):

Abigail

What does student success look like to you?

- ^{be able to be} engaged as citizens in our democracy, to not be taken advantage of, to be empowered to fight injustice
- find their personal joy, and meet individual potential
- how to learn, not what to learn ◦ loved and supported

What do school communities need to do to prepare students for success after graduation?

- *equitable funding*
- *Systemic racism dismantled*
- *anti-bias training for staff*
- *wrap-around services: full-time counselors, social workers, nurses*
- *address trauma, promote/support physical & emotional health. healthy food programs, health care

How will you know Missouri schools have been effective in preparing students for success after graduation?

- The achievement gap is closed.
- Funding & Resources are equitable.
- Drop-out rate is decreased.
- Students choose their
- decreased unemployment
- crime rates decrease
- incarceration rates decrease
- aware of their ^{options} path

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- Equitable funding & Resources
- More autonomy for districts, schools, classrooms
- Stop over-testing
- Stop one-size-fits-all mandates

We know students best!

Name (Optional): _____

What does student success look like to you?

ability to ask questions, problem solve, ^{alone & in groups.} integrate with others, collaboration, inclusion, speak other languages, striving to excellence, can function well in a variety of social settings, someone who does good for society

Note that few people talked about getting high test scores
What do school communities need to do to prepare students for success after graduation?

Partnership between teachers, children, parents.
community connections - support - give & take - service-learning
(Resources) wrap around social services → work together

Schools be exposed to all kinds of things → Rigor - ^{all} students can be challenged.
must have students St. Louis area subjects people
teach students how to fail one district people

How will you know Missouri schools have been effective in preparing students for success after graduation?

<ul style="list-style-type: none"> individual be prepared for registered to vote 17 yrs old have college/post-secondary ed. option to get jobs military, more schooling have choices/ can make them Care about community 	<p>Community</p> <ul style="list-style-type: none"> have jobs econ ↔ working civic ↔ multilingual arts ↔ creativity
---	---

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

(equitable school funding)

ending so much testing?

Name (Optional): _____

What does student success look like to you?

High MAP scores

academically prepared for college

What do school communities need to do to prepare students for success after graduation?

High MAP score SAT ACT scores

they need to be able to not only get into college but be successful in college

How will you know Missouri schools have been effective in preparing students for success after graduation?

- smooth transition into ^{post} secondary education
- ready for college

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Schools that perform poorly academically don't deserve accreditation!

DESE needs to hold districts accountable

Name (Optional): _____

What does student success look like to you?

Love to learn Appreciate diversity Inclusiveness
Completing projects Able to ask questions
Able to take tests Wide social milieu

What do school communities need to do to prepare students for success after graduation?

Business / neighborhood / school

How will you know Missouri schools have been effective in preparing students for success after graduation?

Kids get jobs in today's economy Give back
Students start own
Age appropriate material

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Developing a love for learning &
the opportunities to learn
Respect for educators
Equitable school funding

Name (Optional): _____

What does student success look like to you?

- Success is a collab approach between families & school comm.

Success looks like students (K-12 reading at or above grade-level) in addition, success is defined based on their ^{progress on} academic levels. It includes (S) who possess an understanding of self w/ healthy Mental Health. Success is students feeling vested w/ a sense of belonging & thinking critically.

What do school communities need to do to prepare students for success after graduation?

Communities need to collaborate w/ schools. Create indicators for jobs preparation distilled down into course offering w/ a pipeline for internships. Success is self actualization w/ a palate for

How will you know Missouri schools have been effective in preparing students for success after graduation?

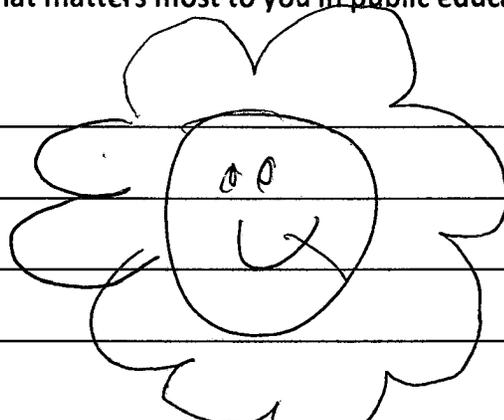

We will know when:

- Fewer (S) @ the collegiate level entering remedial classes
- Decreases in ^{school} community violence
- Increases in (S) attendance
- NE movement in income levels

↑ Employment rate for college taking

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

↑ in the # of (S) entering college & grad

(S) have ideas of what goals are

opp. to provide to PA teachers
focus on (S)
define success

Communities need to partner
w/ schools to expand the
world by (S)

What does student success look like to you?

- A student who grows throughout the year - progress monitoring
- A student that has social + emotional supports in place ^{not just a standardized score} so that they can succeed academically
- A student that has the support of all staff and is given all the resources they need regardless of the background + community they live in

What do school communities need to do to prepare students for success after graduation?

- Provide them with equitable funding
- Train staff to support staff socially + emotionally
- Stop letting students fall through the cracks → support them even if they don't qualify for an IEP, problem solving teams are essential
- Discuss tough things with kids → inequality, racism, oppression

How will you know Missouri schools have been effective in preparing students for success after graduation?

- Measures and data that show how students are progressing - school safety measures, progress monitoring (e.g. AIMSweb), screeners, intervention progress data
- Use school psychologists to develop data collection systems + tiered supports rather than just testing
- Collect data we can use to develop supports + intervene

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- MTSS + RTI mandated and supported by state - state gives them the resources + guidance they need to make this possible
- Free + appropriate education is truly appropriate for all kids and not just those who have parents with the money and funding their parents have
- Adequate staff for student support - school psychologists, social workers, interventionists, counselors who actually counsel
- Best practices are used in schools + not just an ideal
- Prevention + supports in early years - no longer waiting to fail

* Education supports all students ~~not~~ - students success is not defined by race, culture, SES, or any other factor

Name (Optional): _____

What does student success look like to you?

Social justice focus; Ability to work with others collaboratively, with empathy & kindness if possible; Ability to reach full potential in & outside of school setting. Culturally competent. Confident in and advocates for themselves and others who are oppressed. Socially/Emotionally strong enough to dismantle systems of oppression.

What do school communities need to do to prepare students for success after graduation?

- Be engaged; be flexible in how success is defined; parent/community engagement needs to be valued and be flexible in ^{setting} ~~the~~ parents engaged and involved (flexible hours, resources, etc). Use the resources already available fully (such as School Psychologists → allow them to do more than just test and sit in eligibility ~~meetings~~ meeting; allow them to assist with social/emotional well-being of individual students, groups, and whole school environment. Collaborative work amongst educators.

How will you know Missouri schools have been effective in preparing students for success after graduation?

- When students don't end up voting for Trump (or someone like him), you know the students are prepared for life.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

The whole child is supported and they are good people/citizens of the world. A good public education has created a system of supports that allows for students to do this.

- MTSS

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

I would like our districts to be on a ~~greater~~ more level playing field in funding and ~~make~~ ^{close} the prison mentality.

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

→ Not the same funding - ensure All schools
equity - # does not exist in MO ^{now} what
at this time - they need -

Schools organized for success - primary schools
DESE
Missouri regional 16

Name (Optional): _____

What does student success look like to you?

Growth - Defined in a multitude of ways beyond the narrow scope of academics. General Outcome Measures, Social-Emotional Learning, ~~and~~ measurable skills, and other measures that monitor growth. Growth is ~~not~~ compared to their own ability ~~more~~ more so than large averages.

What do school communities need to do to prepare students for success after graduation?

Truly supporting students through tiered systems so they actually graduate as well as reach their highest potential. Evidence-based problem-solving teams are essential to determining the amount of support each student needs.

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Multi-tiered systems of support driven by problem solving ^{matters most,}
It is flexible enough to meet the unique needs of ALL students and districts, but it is also the ~~best~~
most research-based, effective means of student support and success.

CAN WE GET THE

Goal 1:

Primary div ---
Connecting w/ families
Career & college readiness

Skills for 21st Century
Foundational skills!!

Goal 1, Lack of prevention focus, Tracking?

Goal 2:

- Early Childhood Education - Pre-K?

Goal 3:

- Effective Teachers & Leaders
* Turn Over

Name (Optional): _____

What does student success look like to you?

Academic, social, emotional, & cultural competency

What do school communities need to do to prepare students for success after graduation?

Work outside academics (social skills, mental health, develop community supports & relationships)

How will you know Missouri schools have been effective in preparing students for success after graduation?

Student become happy productive problem solvers

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Knowing my child will be loved & leave school loving learning & prepared for their next step

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

How will you know Missouri schools have been effective in preparing students for success after graduation?

all students can learn with the proper environment - various programs need to be offered to effectively support their learning.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

*Safety - Secure environment
Continue to learning*

Name (Optional): _____

What does student success look like to you?

Children who find joy in their life as a result of the scholastic, social & emotional foundation provided to them in caring, motivating schools.

What do school communities need to do to prepare students for success after graduation?

More shared learning between schools. Less focus on test scores & more focus on authentic evaluation of a student's true ability to achieve success as defined by the collective ~~the~~ definition in question one.

How will you know Missouri schools have been effective in preparing students for success after graduation?

~~Our current educational system.~~
I continue to be puzzled that we talk about preparing students for a ^{collaborative} global society yet we focus on ~~a~~ competitive education system (Top 10 in 20) that results in winners & losers.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Creating a non-competitive, collaborative approach to education – within school districts
– between school districts
– between states

What does student success look like to you?

Happy - Social/Emotional needs are addressed
Relationships - no significant learning occurs
without significant relationships

→ equally important as academics

If kids are thriving in the world - they are happy
& successful.

What do school communities need to do to prepare students for success after graduation?

Introduce Growth Mindset at a very
early age. We need the ability to address
the social emotional needs of all students.

We need the ability to innovate based upon the
- passions of our children.
- more experiential learning opps.

How will you know Missouri schools have been effective in preparing students for success after graduation?

Rest assured, we will know. Communities
will thrive, colleges & universities will thrive.

- Not measured by standardized tests

→ Build cultures of people over cultures of compliance.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

That kids are happy and thriving.
Autonomy between and within school districts
is honored. The health of a school or school
district ~~is not observed~~ is not observed through
high stakes testing or accreditation systems.

Relationships - loved, sense of belonging & empowered *

~~#Strategy~~

Name (Optional): Kim Hamelton

What does student success look like to you?

A successful student is prepared academically, physically, culturally, socially, and emotionally to enter and successfully graduate and contribute to society. Happy + emotionally stable.

What do school communities need to do to prepare students for success after graduation?

We need district employed Specialized Instructional Support Personnel (SISP) TEAM to address the WHOLE CHILD and help teachers with their mental health, as well. Use School Social workers to train staff on mental health identification + response.

How will you know Missouri schools have been effective in preparing students for success after graduation?

Students will have the opportunity to move on to THEIR next steps + goals. Students will be able to overcome trauma w/ healthy coping skills.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

To keep schools safe and w/ positive climate, Public education needs to take responsibility + the lead to help the whole child, including mental health. Quit passing it off to outside sources.

Name (Optional): _____

What does student success look like to you?

Problem-solvers with authentic solutions. Life-long learners. Emotionally and academically ready. Soft-skills are even more important than all knowledge. Have high expectations of each and every student (sp.ed or gen.ed). Teach diversity & the importance of a varied community.

What do school communities need to do to prepare students for success after graduation?

Data driven academic ^{opportunities} and decision making. Learn from failures. Navigate the world of work. Provide internships in partnerships with local business communities.

How will you know Missouri schools have been effective in preparing students for success after graduation?

We will see people with all abilities (sp. need & gen.ed) be employed and productive citizens of the community.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

College and Career readiness for students with all abilities.
Literacy - STEAM.
High Quality Educators equipped with basic supplies to empower their students. Promote diversity as a strength!

Name (Optional): _____

What does student success look like to you?

- Emotionally healthy and socially healthy individuals who have both the drive for independence and the skills to work effectively with others.

What do school communities need to do to prepare students for success after graduation?

= We need to make sure our students are prepared to be healthy individuals in all aspects of life; career, family, relationships, and community members.

How will you know Missouri schools have been effective in preparing students for success after graduation?

We need to see our communities and our economies thriving with productive citizens. Our communities are safe and supportive to all citizens.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Mental Health. Our students and families that are not functioning are not going to be able to succeed to their fullest potential regardless of our teaching methods. We need to have schools be prepared for all students, not just ones that are lucky enough to already have the supports in place. They need our help the most.

Name (Optional): _____

What does student success look like to you?

Engagement, well-rounded, initiating dialogue, questioning, critical thinking and able to articulate a viewpoint, emotionally healthy

What do school communities need to do to prepare students for success after graduation?

Prepare students to communicate effectively in the workplace. Help students define and explore their own passions to help them prepare for satisfying careers. Build partnerships with local business and ask business what they need from future employees.

How will you know Missouri schools have been effective in preparing students for success after graduation?

Students will be employed in a rich array of jobs and careers. The economy and political systems will reflect thoughtful earners and learners.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Easy path to reading assistance for ^{students with} disabilities such as Dyslexia. Currently, it is very difficult to secure reading help at an early elementary age, and the gap starts there and grows. We need more teacher training for evidence-based remediations for Dyslexia.

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

variety of experiences; problem-solving opportunities;
de-emphasize state testing; creative in
how we approach the school day + calendar;
takes risks. TRANSPARENT

How will you know Missouri schools have been effective in preparing students for success after graduation?

- Crime rate goes down; taxpayers supporting school issues
- low unemployment rate; feedback from employers
- creating opportunities -

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

opportunity ~~is~~ is not limited on where you live —

- fully participat^{in society}
- stamina
- curious
- transfer leeway
- next steps
- social justice
- Risk take

- Think Creativity
- globally competitive
- limitless
- happy + engaged
- citizen
-

Name (Optional): _____

What does student success look like to you?

A student is able to advocate for themselves & to independently work ~~alone~~ (take initiatives). Critical thinkers who can articulate & read.

What do school communities need to do to prepare students for success after graduation?

Prepare students mentally & emotionally for post-secondary life by providing opportunities to explore career interests & restore non-core classes to support intellectual ability. Partner w/ ~~businesses~~ ^{businesses} to clarify skills needed.

How will you know Missouri schools have been effective in preparing students for success after graduation?

↑ Increase in graduation rates ~~↑ increase in graduation rates~~ employment rates. Decrease in crime rate. Businesses want to hire MO students.
Follow student success post-secondary.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Education serves all of the community (not just youth) to create leaders @ all levels of their life. Support beginning teachers as they work w/ students.
Support for & career readiness for beginning teachers.
No more 1:30 ratio in classroom; 1:1's or multiple teachers in the classroom.

Name (Optional): _____

What does student success look like to you?

* Flexibility

* Diverse Thinker (Sees multiple perspectives)

* Effort + attitude go along way - put forth effort
have the right attitude.

What do school communities need to do to prepare students for success after graduation?

- Provide opportunities outside the school day

- All invested that all students can (School Community)

- Be visible in schools - what does our community do - what does it mean to be part of a Community.

- Open dialogue between school + community not them + us it is WE

How will you know Missouri schools have been effective in preparing students for success after graduation?

Healthy Communities - growth, development, live + work in community

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Educational conversations with non-educators

Name (Optional): _____

What does student success look like to you?

A graduate, is an independent thinker who ^{is} ~~has~~ on a trajectory ~~for~~ towards a career pathway or college.

What do school communities need to do to prepare students for success after graduation?

~~Develop~~ ^{Cultivate} productive habits in students, such as work ethic (attendance/persistence) and critical thinking skills, and socially expected behavior (Character ed.)

How will you know Missouri schools have been effective in preparing students for success after graduation?

Employment rates are ^{low} ~~high~~ and business provide positive feedback about workforce competency.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

~~Students are adept with technology & changing a teacher's~~
~~the sustainable finances!~~
Quality of educators High levels of instruction!
Teacher Quality!!!

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

~~Display awareness of~~ ~~and respect for the legal regulations that guide education (particularly~~ ~~special education)~~ ~~There~~ ^{are some} ~~are~~ significant disconnects between IDEA as envisioned and IDEA as implemented.

How will you know Missouri schools have been effective in preparing students for success after graduation?

- ° 100% voter registration & turnout will show that educators have developed civic-minded adults.
- ° Students do ~~do~~ guided and facilitated case studies of themselves.

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

Inclusive education, recognizing that diversity includes abilities.

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

Fully fund 2 Early Childhood
Help create wraparound services (Health care, Mental health, Social Services)

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

fully funded early childhood education (Age 3+)
State Assessment cumulative across year; NOT one test at end of year

Name (Optional): Lisa Esker

What does student success look like to you?

- feel good about themselves + that they ^{can} ~~can't~~ count on themselves
 - best version of themselves ^{academic social emotional}
 - individualized
 - confidence in their next step
 - traditional ^{or non} - traditional
 - ability to ^{acquire} ~~new~~ skills
 - = character education
 - leave with desire to continue to learn
 - effective transition after graduating high school
 - develop a passion
- ① = read
② = write
③ = speak well
④ = work well with others

What do school communities need to do to prepare students for success after graduation?

- early childhood intervention (part of school system)
- funding for mental health
- teach child how to learn
- study skills
- problem solving skills
- self evaluation skills
- school needs to be the center of
- equal funding
- wrap around services - mental health; clinic, washer/dryer, basketball
- allow for innovation + creativity for teachers
- break down oppressive systems
- engage parents
- family liaison - call parents
- fix teacher turnover
- teachers need to feel like they are supported
- business partners
- a new model possible
- ~~put~~ all people are responsible for their share of taxes ^{my child}

How will you know Missouri schools have been effective in preparing students for success after graduation?

- reviewing data from Dept of College (does not include private)
- interviewing after school
- they don't come back
- less crime; less ^{suicide} drop out rates; lower unemployment
- achievement gap closed
- communities able to advocate for themselves
- business hire ~~and~~ all students
- put jails out of business
- graduates that show pride in their country (someone @ table didn't like that)
- business growth

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.

- more community members involved
- that teachers + administrators are compensated + working ^{with} at a healthy balance in their lives + supported
- that changes are actually made
- fully funded early childhood + the formula (they will keep moving)
- schools ^{+ student success} measured by not one single measure
- education is the key to empowerment

Name (Optional): _____

What does student success look like to you?

What do school communities need to do to prepare students for success after graduation?

Need to allow for innovation

Allow for creativity for teachers and students

How will you know Missouri schools have been effective in preparing students for success after graduation?

From our discussion tonight, what matters most to you in public education? Please share your thoughts on next steps.
