

2016-2017 Regional Training Dates Student Learning Objectives (SLOs) Missouri Educator Evaluation System (MEES)

Description of Available Trainings

SLOs: The Basics:

- **Outcomes** - Clarification on the requirements for using student growth data in the evaluation process; understanding of the essential components and process for writing SLOs; timelines for how to develop SLOs; guidelines on how to analyze SLO data; suggestions for incorporating SLO data into evaluations
- **Audience** – School leaders, teachers, and school teams

Leading & Supporting SLO Implementation:

- **Outcomes** – Training on leadership skills necessary for providing support and leading implementation; guidelines on the approval process for ensuring quality SLOs; information on SLO timelines and development; process for monitoring and assessing results; suggestions for how to integrate growth data into the evaluation process
- **Audience** – Building-level leaders, teacher leaders, central office, and leadership teams

SLOs: A Deep Dive

- **Outcomes** – Leveraging the power of SLOs to advance practice; leveraging the power of SLOs to increase student learning; improving SLO quality through better decisions on choice of content, use of more appropriate instructional strategies, and verifying learning through quality assessments
- **Audience** – Building-level leaders, teacher leaders, central office, leadership teams, and school teams

MEES: New Supervisor Training

- **Outcomes** – Educator preparation programs are required to use the Missouri Educator Evaluation System (MEES) to evaluate their student teachers. All new supervisors who will be involved in evaluating student teachers are required to participate in one of the New Supervisor Training Sessions. The session will provide background about MEES and the various forms used throughout the evaluation process. Participants will also review and use the evaluation tool to assess teacher performance.
- **Audience** – New supervisors, cooperating teachers, preparation program faculty, and leaders.

MEES: Year 2+ Supervisor Training

- **Outcomes** – This session builds upon the New Supervisor Training. Year 2+ supervisors are required to participate in a Year 2+ Supervisor Training each year. Participants will understand the importance of and the need for statewide consistency in growing teachers; effectively use the protocols and forms; analyze data; deepen understanding from Level 1 to 2; and demonstrate the necessary skills to ensure inter-rater reliability and meaningful, descriptive feedback.
- **Audience** – Year 2+ supervisors, cooperating teachers, preparation program faculty, and leaders.

Region 1 – Southeast RPDC

Date	Module	Location
08/09/2016	MEES-New Supervisors	SEMO University Center Ballroom – 4:30 – 8:30 p.m.
