 - Fresh Fruit and Vegetable Program
 - Special Milk Program

Fiscal Action

10

- \$600 disregard per program
 - NSLP (includes SSO, FFVP, and ASP)
 - SBP
 - SMP

Meal Access and reimbursement

11

- **Performance Standard 1:** All free, reduced price, and paid meals claimed for reimbursement are served only to children eligible for free, reduced price, and paid meals respectively, and are counted, recorded, consolidated and reported through a system that consistently yields correct claims.

Findings

12

- Application errors
 - Fiscal action: Review period until month fixed
- Meal counting at the point of service
 - Fiscal action: Date corrected back to the beginning of the school year

Meal Charge Policy

13

- ❑ Must have a Local Meal Charge Policy
- ❑ Must be communicated in writing to households
- ❑ Include, if applicable, availability of alternate meals
- ❑ Include policy regarding collection of delinquent meal charge debt

Delinquent Debt vs Bad Debt

14

- Delinquent – considered collectable and efforts made to collect (allowable use of food service funds)
- Bad – when determined efforts to collect delinquent debt is useless or too costly (losses must be restored using non-federal funds)

Meal Pattern & Nutritional Quality

15

- **Performance Standard 2:** Reimbursable lunches and breakfasts must meet the meal pattern requirements applicable to the age/grade group.

Findings

16

- Missing meal components
 - Fiscal action: Day of review and review period
- Non-reimbursable meals
 - Fiscal action: Day of review

Findings – Repeat Violations

17

- Fiscal action: Milk – if only one type of milk is offered or an unallowable milk type, meals must be reclaimed for the duration served.
 - skim and 1% : flavored and unflavored

- Fiscal action: Vegetable subgroups – If one vegetable subgroup is not offered over the course of the week reviewed, during the month of review, an average of the meals over the week must be reclaimed.

Findings

18

- Quantity requirements not met
- Not meeting daily or weekly requirements
- Serving non-whole grain items without a wavier
 - All grains must be whole-grain rich (grain items must be at least 50% whole-grain)
- Pre-K serving flavored milk and not following the meal pattern when not co-mingled

Resource Management

19

- To apply a systematic approach to ensure the overall financial health of the non-profit school food service.

Findings

20

- Paid Lunch Equity (PLE) tool not completed
 - Lunch prices not raised or
 - Funds not transferred to the food service account

For 2018-19 if charge less than \$2.92 for paid lunches in 2017-18 required to raise price or add funds to the food service account.

- free reimbursement (\$3.23) – paid (\$0.31) = \$2.92

Findings

21

- Non-program revenue tool not completed

Revenue from the sale of non-program food generates at least the same proportion or more of revenue as contributed to total food costs.

Findings

22

- Adult meals not priced sufficiently
 - Transfer of funds to food service account to make up the difference

- Example: Lunch

Highest paid student lunch \$2.60

Value of commodities + .3425

Paid lunch reimbursement + .39

(severe need with 6 cents)

Required adult lunch price = \$3.3325 (round to \$3.35)

General Program Compliance

23

- To ensure compliance in accordance with all laws, regulations, policies, and guidance.

Findings

24

- Local Wellness Policies not sufficient
 - Missing specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness
 - Missing appropriate people on team
 - Assessments, if completed, not made public

Local Wellness Policies (LWP)

25

- Triennial Assessment
 - Every 3 years at a minimum
 - Results must be made available to the public
 - Must complete the first assessment by June 30, 2020
 - Assessment should determine compliance with LWP and progress made to attain goals

Local Wellness Policies

26

- Standards and nutrition goals for all foods and beverages sold to students during the school day must meet school meal nutrition standards and Smart Snack requirements.
- Standards for all foods and beverages provided, but not sold, to students during the school day (e.g. classroom parties, classroom snack provided by parents,).

Findings

27

- Smart Snack Violations
 - Serving foods not meeting the guidelines
 - School stores
 - Vending
 - A maximum of 5 fundraisers, per school building, with a duration of one day, per school year are allowed

Findings

28

- No documentation for products not meeting the Buy American requirements

All products purchased must be of domestic origin to the maximum extent practicable. If purchase a non-domestic food product justification is required.

Buy American

29

- Domestic commodity or product means an agricultural commodity that is produced in the United States and a food product that is processed in the United States substantially using agricultural commodities produced in the United States.
- Over 51% of the final processed product, by weight or volume, must consist of agricultural commodities that were grown domestically.

Buy American

30

- Very limited, but an alternative or exception must be approved by the Local Education Agency
 - Vendor must submit the request in writing in advance of delivery and prior approval must be given
 - Reason due to limited/lack of availability or price

Other Federal Programs

31

- Ensure compliance with program regulations for Afterschool Snack Program, Seamless Summer Option, Fresh Fruit and Vegetable Program and Special Milk Program.

Findings

32

- No production records for the Afterschool Snack Program
