Force and Motion	Grade 1	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.				
Force and Motion	Grade 1	We should be using the Next Generation Science Standards.				
Force and Motion	Grade 1	We should be using the Next Generation Science Standards				
Force and Motion	Grade 1	We should be using the Next Generation Science Standards, as they represent the most well-vetted and rigorous expectations to prepare our students to compete in a global economy. Diminishing our existing standards through the committee work of HB1490 will result in a limited science educational experience for our students and will close doors for our students regarding collegiate admissions and future employment opportunities.				
Force and Motion	Grade 2	We should be using the Next Generation Science Standards.				
Force and Motion	Grade 2	See , I indicated no more subjects but was sent here. Survey is corrupt.	Yes	Parent/guardian	63701	
Force and Motion	Grade 2	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.				
Force and Motion	Grade 3	We should be using the Next Generation Science Standards.				

Force and Motion	Grade 4	We should be using the Next Generation Science Standards.
Force and Motion	Grade 4	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.
Force and Motion	Grade 5	We should be using the Next Generation Science Standards.
Force and Motion	Grade 5	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.
Force and Motion	Grade 6	We should be using the Next Generation Science Standards.
Force and Motion	Grade 6	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.
Force and Motion	Grade 7	We should be using the Next Generation Science Standards.
Force and Motion	Grade 7	The Next Generation Science Standards are better. 10,000 educators vetted those standards....how can 6 educators (no matter how great they are) be able to do a better job? Go with the NGSS Science Standards.
Force and Motion	Grade 8	We should be using the Next Generation Science Standards.
Force and Motion	High School	We should be using the Next Generation Science Standards
Force and Motion	High School	Missouri needs to adopt the Next Generation Science Standards.
Force and Motion	High School	We should be using the Next Generation Science Standards.
