

## **Academic Development**

The units in Academic Development are designed to assist students K-12 in developing the academic skills necessary to be successful in the classroom and in life. The three major areas covered in Academic Development are:

### **Applying skills needed for educational achievement.**

**Major Points:** The emphasis in this area is developing “academic self efficacy”. This includes instilling the belief that every individual can set and attain academic goals. Self-management, study and test taking skills are systematically and intentionally taught to every K-12 student. Sources of help are available for students; they are taught to recognize the need for academic assistance and where and how to get help.

### **Applying the skills of transitioning between educational levels.**

**Major Points:** The learning within this area includes helping K-12 students acquire the information necessary to make smooth transitions from grade to grade and setting to setting (e.g. elementary school to middle school; school to post-secondary options). Understanding expectations of teachers and requirements of subject areas are examples of information that will help students understand the changes required by transitions.

### **Developing and monitoring personal educational plans.**

**Major Points:** The Missouri School Improvement Program requires all students to have individual educational and career plans that are initiated no later than 8<sup>th</sup> grade. This area places emphasis on the knowledge, understanding and skills K-12 students need in order to develop a meaningful educational plan. Specific tasks include: learning to set goals; developing a plan to reach goals; knowing where to go for information/assistance; reviewing and modifying plans.

<p><b>UNIT DESCRIPTION:</b> That’s How You Do It!</p> <p>Students will self-assess their study skills, test taking strategies, and basic time management and organizational skills following classroom discussion. Concepts will be reinforced through a BINGO game.</p>		<p><b>SUGGESTED UNIT TIMELINE:</b> 2 Lessons</p> <p><b>CLASS PERIOD (min.):</b> 30-35 minutes</p>				
<p><b>ESSENTIAL QUESTIONS:</b></p> <p>1. What skills and strategies help me to complete tasks?</p>
