

## Administrative Memo

**TO:** School Administrators  
**FROM:** Leigh Ann Grant-Engle  
**DATE:** January 6, 2012  
**SUBJECT:** DSM-12-001 – Student Information System Contract Awarded

We are pleased to announce that Tyler Technologies, Inc. has been selected by competitive bid to offer a student information system option to school districts across the state. No district is required to utilize this system.

School districts wishing to purchase the system at a predetermined rate without going through their own Request for Proposal (RFP) process may contact Tyler Technologies, Inc. at 116 Cliff Cave Road, St. Louis, MO; 888-445-8503; [info@Tylertech.com](mailto:info@Tylertech.com). When contacting Tyler Technologies, Inc., reference the contract C211018001.\*

The student information system is intended to assist districts in managing student data, planning for educational programs, and complying with state and federal reporting requirements. This system will support daily functions at the school/district level.

This award follows an exhaustive, collaborative effort which began last spring. The RFP and bidding process was lead by the Missouri Office of Administration in conjunction with the Department and a diverse group of school district advisors.

Tyler Technologies has been providing services to Missouri school districts for 28 years and is currently providing services to 236 Missouri school districts. Its clients range in size from fewer than 100 students to more than 110,000 students.

Initial information about the student information system can be found on our website at: <http://dese.mo.gov/dsm/StatewideStudentInformationSystem.html>, and more information will be available soon.

- The Office of Data System Management will provide a webinar with additional details at 1:00 p.m., Friday, January 13, 2012. If you have any questions, please contact our office.
- A summarized version of the contract, which includes pricing, will be available the week of January 9, 2012.

\*The published Request for Proposal (RFP) can be viewed and printed at <http://168.166.15.165/IBPMWeb/Client/Framework.asp> by selecting **Searching by Contract Number** and entering the criteria contract **C211018001**.
