

## Integration of Career and Technical Student Organization Projects

The following projects are used by the student organizations Future Business Leaders of America (FBLA) and Family, Career and Community Leaders of America (FCCLA). These projects can easily be used within the themes of this curriculum or as enrichment, tying relevant student organization activities to what is taught in a personal finance course. Teachers can use this list as a guide and means of collaboration with other content teachers who are also teaching the personal finance course.
