

ACCESS for ELLs 2.0 is a secure large-scale English language proficiency assessment administered to Kindergarten through 12th grade students who have been identified as English language learners (ELLs). It is given annually to monitor students' progress in acquiring academic English.

Training to give the assessment is available online at [WIDA.us](http://wida.us). Beyond training, the only requirement to give the ACCESS 2.0 is that the test administrator must be a district employee that, at a minimum, meets the [requirements of a paraprofessional](#).
