

District Test Coordinators,

The EOC History report has been populated with 2018 records. It can be found in the Missouri Comprehensive Data System (MCDS) portal. You will need student level access. Please follow the steps below.

1. **Reports and Resources**, located at the top of the page under your district name.
2. **Students**, located on the left side of the page.
3. **Missouri Assessment Program (MAP) Data**, located on the left side of the page.
4. **EOC History Report**.

The screenshot shows the MCDS portal interface. At the top right, the 'STATE OF MISSOURI' logo is visible, with a yellow circle highlighting the 'Reports and Resources' button. Below the logo, the word 'Students' is displayed. On the left side, a navigation menu is shown with a yellow circle highlighting the 'Students' button and another yellow circle highlighting the 'Missouri Assessment Program (MAP) Data' button. The main content area is titled 'Missouri Assessment Program (MAP) Data' and contains a table of reports. The table has three columns: a report icon, a list of categories, and a report title with a brief description. The 'EOC History Report' is highlighted with a yellow bar.
