

District Testing Coordinators (DTCs),

As we approach the Spring End-of-Course testing window, Questar Program Management will be hosting a DTC Training on the Nextera Admin site and Test Delivery System. This year, we will be hosting two virtual trainings on Tuesday, January 26: 9:00 – 10:30am and 1:00 – 2:30pm CT. If you are unable to attend, we invite you to register a representative or view the recording that will be posted to the Nextera Home Page. Please read below for general information and registration details.

Purpose of the DTC Training:

The purpose of the training is to familiarize DTCs with the Nextera Administration site and the Nextera Test Delivery System. This training will cover End-of-Course topics related to administering the assessments and navigating the Nextera platform.

Access to Nextera® Admin Site:

In September, Questar emailed Nextera Admin user credentials to all DTCs. Please ensure you are able to login to Nextera Admin prior to attending the training. For technical information, please refer to the District Information Technology Coordinator Training located on the Nextera Home Page.

Register for the Event:

Please take a moment to use one of the links above to register for your desired session. By registering, it will give Questar a more accurate view of how many DTCs plan to attend the training sessions. If you are planning to attend, please register by Friday, January 22, 2021.

Customer Support:

For any questions regarding Nextera access, installation, or navigation, please call Questar’s Customer Service at 800-571-2545 or email mocustomersupport@questarai.com.

For questions related to DTC training participation, please contact Kaily Blount (kblount@questarai.com).
