

District Test Coordinator,

The Percent of Points Earned Roster reports in **Algebra I** and **Algebra II** have been updated to correct an error in the percentage display. New reports are now available. If you completed Algebra I or Algebra II testing prior to May 13th and downloaded reports on or before Friday, May 17th, please discard those reports and download the updated versions.

Please note that the Percent of Points Earned Roster report type provides the percentage of total points correct on the operational items of the assessment.
