

MAP-A Update

Missouri Assessment Program—Alternate
Missouri Department of Elementary and Secondary Education
Volume 6 issue 2, Week beginning February 27, 2017

MAP-A Test Windows 2016-2017	Opening Date	Closing Date
Spring Assessment Window	March 27, 2017	May 19, 2017

Teachers Prepare for Spring Assessment: Teachers, now is the time to check in with your District Test Coordinator to ensure all is ready for Spring Assessment administration. Check Educator Portal to make sure all your students are rostered correctly (don't forget science!). All students 3-12 may test, but those required are: 3-8 and 11 for language arts and math, and 5, 8 and 11 for science. Review all the Blueprint concepts you chose as Essential Elements with your students (see links for Blueprints below).

Testlets Begin Arriving March 27: Teachers, expect one set of testlets to arrive at a time (one math, one language, one science). About 30 minutes after the first set is completed, another set will be sent. There will be five language testlets required (maybe one field test one after the required ones), five math (maybe one field test one after the required ones and nine science (with one field test one after the required ones).

New! Track Student Test Progress this Spring: Teachers may track testing progress in Educator Portal. The Test Progress field displays the number of testlets that have been completed out of the number of testlets required per subject (for example, Testlet 1 of 5, Testlet 2 of 5). This field only applies to testlets assigned during the spring assessment window. See the *Educator Portal User Guide* section called View Student Username and Password on page 53...

DTC Corner

District Test Coordinators and Special Education Directors: If you can make time to complete a DLM Observation Form when you visit the classroom during testing, it would add to the data collection DLM has for testing procedures...<https://dese.mo.gov/sites/default/files/asmt-mapa-dlm-test-admin-observation-protocol-2016-17.pdf>
