Please download data extract files in case you may need them. Directions: login to Educator Portal. Click on the blue box called Reports. Click on Downloads. Click on the New File button for each extract. Select DLM assessment program. Select the district (leave school as select). Leave the default dates. Click Ok. The blue letters CSV will be replaced with *in queue*. When the words say CSV again, click to open the newly created report and save it to your hard drive.
