

Attachment B (2)

ESP-Brain Injury (BI) Community Partner Plan

Respond to each section of this attachment with detailed information demonstrating the CRP's ability to effectively serve the identified specialized population. An individual Community Partner Plan shall be developed and include documentation for the full array of services at any satellite location that will be providing ESP services. Each satellite location must be individually approved by VR.

Name of Provider:

Proposed Satellite Location(s) for ESP:

CARF Accreditation in Community Employment Services: Job Development, Employment Supports:

Yes No

If no, list other accrediting body and core services: _____

Special accreditations or certifications:

Yes No

Explain:

Training, Specialization and/or Credentials (Provide detailed information for each staff person. You may attach additional information/documentation on a separate piece of paper.):

List specialized training:

List credentials:

Describe specialized experience(s):

Sustainability plan for the program (account for staff training and turnover):

Define and/or describe the CRP’s outreach and community involvement specific to the specialized population (e.g., professional/service/community/medical/psychological organizations):

ESP-BI service strategies are expected to be available to all ESP-BI service recipients. While not all service strategies described below will be expected to be provided to each participant, the CRP delivering ESP-BI services is expected to be competent in employing each service strategy in the event it is required.

ESP-BI Service Strategies:

<input type="checkbox"/> Assistive technology planning	<input type="checkbox"/> Compensatory strategy planning
<input type="checkbox"/> Employer education	<input type="checkbox"/> Community integration
<input type="checkbox"/> Linkage to community social opportunities	<input type="checkbox"/> Effective communication planning
<input type="checkbox"/> Task initiation	<input type="checkbox"/> Mobility/orientation planning
<input type="checkbox"/> Transportation planning	<input type="checkbox"/> Sensory need accommodation
<input type="checkbox"/> Behavior planning	<input type="checkbox"/> Self-awareness planning
<input type="checkbox"/> Supported volunteering	<input type="checkbox"/> Development of workplace natural supports
<input type="checkbox"/> Memory accommodations	<input type="checkbox"/> Task analysis
<input type="checkbox"/> Family Support	<input type="checkbox"/> Other

Define and/or describe how the CRP addresses the following areas when providing ESP-BI services.

Additionally, describe the role that each of the ESP-BI service strategies listed above will play in the delivery of ESP-BI service. Be sure to completely address each category below and be sure that each ESP-BI service strategy listed in the table above is represented in your narrative responses.

Assistive Technology:
