<tr>
<td>3. Counselor introduces the STAR Problem Solving Steps for problem solving, giving each student a copy of the information sheet. Counselor talks about each of the items and elaborates. • S = Stop. When you have a problem, you don’t rush in with just any solution. You want to take time to look it over and figure out the right solution for the problem. • T = Think. Take time to think about possibilities, and what could happen with each one. • A = ACT. Take the action you think is best for the situation. • R = Review. Think about the choice you made, look it over and if you don’t like the way it turned out, go back and think again.</td>
