Data Collection

The following data on student screening information for grades K-3 will be collected in the June cycle, beginning June 2019. Districts may use their most recent data point collected (EOY).

NS – Not screened

EX – Exempt

TOOL- Drop down box pre-populated with DIBELS, AIMSWeb, FAST, Other (fillable field)

SNR -- Screened: No Risk

SAR -- Screened: At-Risk

At-Risk Determination is made by cut points and/or data interpretation according to author's publication manual. Where informal measures are used, per the Legislative Task Force recommendations, risk will be considered at or below the 30th percentile.
