Grade Level: Middle School

Unit: Backpacking and Camping

Lesson 3: Campsite Selection and Tent Set-up

Objectives
- Student will be able to recite the six principles of Leave No Trace.
- Students will participate in campsite selection.
- Students will participate in a tent set-up and tear down.

Standards
- Analyzes the situation and makes adjustments to ensure the safety of self and others (S2.M13.7)
- Implements safe protocols in self-selected outdoor activities (S2.M13.8)
- Participates in self-selected physical activity outside of physical education class (S3.M2.6)

Key Vocabulary
- Leave No Trace
- Permission
- Reservations
- Open Site or Closed Site
- Proximity
- Terrain
- Wildlife
- Windbreak

Equipment Needs
- Tents
- Backpack

Set-up
- Have tents/backpacks ready for transport
- Have campsite location prepared and selected (area vegetation managed)
Safety
- Check activity area for obstacles or holes
- Avoid camping next to water (lakes, ponds, creeks, rivers).
- Check area for water migration
- Set up before dark
- Check area for dead trees/limbs that could fall.
- Avoid set-up on fragile vegetation and flowers.
- Avoid poisonous plants such as poison oak, sumac, ivy.
- Avoid windy and exposed sites
- Select a level area for tents
- Follow camping regulations

Warm Up
- Introduce 6 Leave No Trace principles to the students.

Description
1. Upon arrival to area discuss the safety principles for site selection.
2. Students will self select an area for tent set up based on the safety principles.
3. Students will set the tent up according to directions if provided.
4. Students who complete the tent set up and monitor and assist other students.
5. Students will store gear in tent.
6. Students should recheck directions to insure tent stability to address possible conditions.
7. Students will disassemble the tents and repack the tent in the original bag.
8. Students will review the Leave No Trace principles to check for compliance.

More Challenging
- Have students with camping experience set up larger tents.
- Time students setting up their tents a second time for efficiency.

Less Challenging
- Put a student with camping experience in each group.

Assessment
- Students will create and submit a numbered list and order of components utilized to set up a tent.
- Student will perform a peer assessment of the other groups site selection using a rubric.
- Student will perform a peer assessment using a rubric of other groups to determine if they are using the Leave No Trace principles.

Cool Down/Review/Closure
Review the 6 No Trace Principles with the students.
How might you use the Leave No Trace Principles in the future?
