Show-Me School-Based Health Alliance Logic Model

05.06.19

Goal: Support access to high quality health care for all children and families

Inputs

Financial Resources
- Donations
- Grants & contracts
- In-kind

Human Resources
- Alliance board & staff
- Partners/Stakeholders
  - Education
  - Health care
  - Policy & advocacy
- Volunteers

Knowledge Resources
- SBH program best practices
- SMSBHA strategic plan
- Policy platform
- National Alliance

Technology & Space
- Website & communication plan
- Communication platform
- Offices
- Computers

Activities

Supporting & Equipping Alliance Members

Coalition Building
- Provide platform for networking
- Convene health and education stakeholders
- Liaise with National SBHA
- Provide policy updates

Technical Assistance & Trainings
- Provide TA & trainings for SBH program development, implementation, and evaluation
- Access & share expertise
- Create and share templates and toolkits
- Assist with financial sustainability efforts
- Grant funds to SBH programs

Strengthening SBH system in MO

Evaluation
- Promote standard metrics & data sharing
- Evaluate SMSBHA
- Conduct census of Missouri SBH programs

Communications
- Tell success stories of SBH programs
- Promote SMSBHA (e.g., website, social media, e-news, printed materials, conferences & events)

Financial Management
- Generate funds (e.g., donations, conference registrations, membership fees, fee-for-service TA)
- Apply for grants

Advocacy
- Advocate for policies to support & sustain SBHCs
- Build relationships with policy makers and key stakeholders
- Set a policy agenda

Board & Staff Development
- Participate in professional development opportunities
- Onboard, orient, & build relationships with board members
- Conduct board self-evaluations
