DESE Recognition of Exemplary Library Programs
Scoring Guide Overview

On July 7, 2018, Governor Mike Parson signed Senate Bill 743, a section of which requires the Missouri Department of Elementary and Secondary Education (DESE) to establish a process for recognizing library programs. According to the legislation, a “‘[s]chool library information and technology program’ [is] a school-based program that is staffed by a school librarian and that provides a broad, flexible array of services, resources, and instruction that support student mastery of the essential academic learning requirements and state standards in all subject areas and the implementation of any school improvement plan of the district.” The legislation defines a school librarian as “a teacher who holds a certificate of license to teach under section 168.021 and is certified as a library media specialist by the department of elementary and secondary education.”

During the 2018-19 school year, a committee of 12 school librarians representing all regions of Missouri and various library configurations (K-12, K-5, 10-12, etc.) met with DESE to develop the process and documents for implementing the recognition program. While the recognition program serves to highlight exemplary programs in Missouri, the committee and DESE see an even greater purpose: to assist school librarians in improving their programs to provide better instruction for students and better support for teachers.

The DESE Library Recognition Scoring Guide is one of the documents created through the partnership of the committee of librarians and DESE. A team of evaluators will use this guide to award the first round of annual recognitions during the 2020-21 school year. Participation in this recognition program is optional for school libraries, and DESE will use the 2019-20 school year to provide opportunities for professional development for librarians who wish to participate in this program either to apply for the award or to improve the services they provide through their libraries.

Because of the breadth and depth of services provided by a strong school library program, the committee of librarians developed a rigorous scoring guide. It contains 21 indicators, each divided into Exemplary (2 points) and Approaching (1 point). In order to receive the DESE recognition, a school library program must score 38 out of 42 possible points without receiving a score of 0 on any indicator. The scoring guide explains the required documentation/evidence needed for each indicator.

DESE is excited about this opportunity to help Missouri school library programs improve and to recognize those programs that provide outstanding services in their districts. Please feel free to contact English Language Arts Assistant Director Lisa Scroggs at lisa.scroggs@dese.mo.gov or 573-751-8468 with questions.
