

Average annual rainfall totals for cities in New York are listed below.

Rochester	0.97 m
Ithaca	0.947 m
Saratoga Springs	1.5 m
New York City	1.268 m

Put the rainfall measurements in order from least to greatest. Write the smallest total rainfall in word form & expanded form. (Explain how you know your decimals are in the correct order.) - aided

Example 2

Is it true that $4\frac{3}{5} - 3\frac{2}{3} = 1 + \frac{3}{5} + \frac{2}{3}$? Prove your answer.
