PROPOSED SUMMER SCHOOL PLAN

The district intends to operate the following type(s) of summer school:

- 1. Title I program as a part of the regular district summer school, e.g. Title I staff providing additional services to students in district summer school (push-in or pull-out programs).
- 2. Title I program for Preschool children **only**.
- 3. Title I program for children in neglected or delinquent institutions **only**.
- 4. Title I program at a time different from the dates of the state-approved summer school.
- 5. A state-approved summer school that serves both Title I students and non-Title I students at the same time. The district must pay for the same level of services for both Title I and non-Title I students before Title I funds can be used. Title I funds can only be used for excess costs of the Title I students. The district will be required to provide a spreadsheet documenting excess costs.
- 6. Schoolwide state-approved summer school which includes Title I funds.
- 7. Summer school which uses Rural Education Achievement Program (REAP) funds. The district must provide specific documentation that ensures that supplant has not occurred.
- 8. A summer school program other than those listed above. The attachment describes the summer school services.

The district must attach a description of services that will be provided by using page 2 of this plan and/or a spreadsheet.
