Summer 2015 Professional Learning Communities

Professional Learning Communities are offered at “No Charge” to Missouri Parent Educators

“Parents, Children....The Family Visit”

Families come in different sizes. This professional Learning Community will focus on providing relevant, individualized learning and support during the family visit when there is more than one child. Take a look at making the most of your time together through the planning and delivery of discussion topics and parent/child interaction.

This session will meet 3 hours of the professional development requirement.
