MOSIS Contact,

The Early Learning Section at DESE is reviewing the Staff Assignment Report for appropriate certification for the parent educator(s) reported by your district in the October Cycle of Core Data. In reviewing this information it has been determined there is an error. The parent educator(s) have been reported with an incorrect or missing program code. For information on correct coding refer to the [Core Data and Missouri Student Information System \(MOSIS\) Reference Manual](#) (Exhibit 17b). This information will need to be corrected before we can appropriately certify your parent educator(s). Please contact our office if you have any questions.
