

Quality Assurance Report pilot Cohort 1 & 2 programs,

Thank you for your participation in the Quality Assurance Report (QAR) pilot. The Classroom Environment Assessments have been completed and the onsite consultation is under way. We will now be looking at the other four sections of the QAR Framework:

- Program Structure
- Family Engagement
- Child Screening and Assessment
- Staff Qualifications and Professional Development.

For the next phase of the process we will need programs to submit all sources of evidence to be considered for the Program Structure, Family Engagement and Child Screening and Assessment sections. Please refer to the [Quality Assurance Report Framework](#) for more information on Standards, Indicators and Sources of Evidence.

Regardless of licensing status, all documentation outlined in the framework should be submitted. For example, an exempt program might be accredited and have policies and procedures in alignment with Level 4 - Sources of Evidence. Submit all information to be considered to webreplyimprece@dese.mo.gov.

It is important this documentation to be submitted no later than November 1, 2019, so we can continue to tailor the onsite consultation to best support your program. These documents will also be used to complete your program's first full Quality Assurance Report. Any section lacking documentation will be defaulted to a score of one.

If you have any questions please let us know.

Thank you for your work with the children and families of Missouri.
