2. BACKGROUND INFORMATION:

2.1 MISSOURI DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION
MISSOURI SCHOOLS FOR THE SEVERELY DISABLED
FACT SHEET

GENERAL INFORMATION:

The MSSD is a statewide public school system that serves Missouri's students with severe disabilities. Established by state law in 1957, the MSSD serve children and youth between the ages of 5 and 21. These schools are administered by the State Board of Education, through the Office of Special Education. The MSSD system is supported primarily by funds appropriated each year by the Missouri Legislature. The MSSD central office and the superintendent, along with other supervisory staff, are headquartered in Jefferson City. Regional offices are located in Sedalia, St. Louis and Springfield. Area directors work with the schools located in their catchment area. The MSSD serve about 832 students throughout the state. Students are referred to a MSSD location when a local school district is unable to meet a student's educational needs.

WHO IS SERVED?

Generally, students enrolled in the MSSD schools are students who according to an appropriate measurement of intelligence fall four or more standard deviations below the mean and/or their adaptive behavior rating indicates the need for pervasive supports. Educationally, students at MSSD function in the severe to profound range of mental retardation. Many of the students have multiple handicaps.

INSTRUCTIONAL STAFF:

The MSSD employ approximately 130 classroom teachers throughout the state. All are certificated to teach severely disabled or developmentally delayed students. Teachers normally work with six to nine students. All classrooms in the schools have at least one full-time paraprofessional assigned to assist the teachers and students. The program strives for an adult to student ratio of less than one to three. The MSSD employ 18 physical education teachers and one

speech and language teacher. These teachers may work in one school or travel to several schools, depending on the size of the schools. Occupational, physical, and speech vision specialists are provided on a contractual basis, depending on the needs of each school. The MSSD employ 23 registered nurses. Larger schools have a full-time nurse assigned; smaller schools provide nursing services on a scheduled basis. There are seven instructional specialists who work with MSSD personnel across the state to plan and improve the instructional program. These specialists are available to assist teachers and other staff members in their assigned catchment areas.

FACILITIES:

Of the 34 MSSD locations operating during 2015-16, 28 are located in state-owned buildings. These schools have been specifically designed and built to accommodate the MSSD instructional program. These facilities range in size from one to 12 classrooms. The MSSD provide a six-hour instructional program each day; no residential services are provided. Most MSSD students live with their natural or foster parents and are transported by bus to and from school each day.

CURRICULUM:

The MSSD provide a full range of instructional services designated to promote essential life skills and functioning of each student. An Individualized Education Plan (IEP) is prepared for each child. The curriculum emphasizes the following areas:

- Fine Arts
- Science
- Mathematics
- Communication Arts
- Social Studies
- Health/Physical Education

MSSD staff use an integrated approach to teaching and other services. As much as possible, therapies are integrated into the classroom IEP related instructional activities. This approach allows all members of the professional team (teachers, vision specialists, nurses, etc.) to exchange information and training so that all services are integrated into the classroom instructional program daily.

PART TWO
SCOPE OF WORK

1. REQUIREMENTS FOR VISION SPECIALISTS:

- 1.1 The contractor shall provide a Missouri certificated teacher of blind and visually impaired in good standing throughout the contract period to provide vision services and coordinate these services for the assigned MSSD school in conjunction with the school administration, staff, student Individualized Education Programs (IEPs) and the IFB specifications. The contractor may not use someone with provisional licensure to provide services under this contract. The contractor shall further agree and understand that utilizing a non-certificated teacher to provide services under this contract may result in the immediate termination of the contract at the option of the MSSD Superintendent.
- 1.2 In accordance with the State Board of Education regulations, any person who has actual or potential direct physical contact with students under the contract must undergo a "Criminal Record/Child Abuse and Neglect" screening through the Missouri Highway Patrol (MHP) and the Department of Social Services, Division of Children's Services and Division of Senior and Disability Services. This requirement applies to all contractors and vision specialists provided by the contractor, regardless of length of employment or subcontracting with the contractor, who have actual or potential direct physical contact with students. Any negative findings resulting from the screening or background check will be cause for the MSSD to reject that individual from providing services under this contract.

The background check will be initiated when the successful contractor has been awarded the contract. Service providers will complete and return the Request for Child Abuse or Neglect/Criminal Record, the Authorization to Conduct a Background Check-Contract Service Provider, and Request for Criminal Record Check to the MSSD Central Office prior to the start of service. However, vision specialists may begin providing services under this contract prior to the receipt of the results.

MSSD will continue to provide these required background checks to the contractor at no charge until such time as the reporting agencies require payment from MSSD for these services.

- 1.2.1 In accordance with the State Board of Education regulations, any person who has actual or potential direct physical contact with students must undergo a finger print check through the FBI. There will be a fee charged for this service by the checking agency. This fee will be paid by the therapy provider. MSSD will not pay this fee. Any vision specialists who have worked in the MSSD since the implementation of this regulation are exempt from this regulation. However, any new vision specialist placed in the MSSD schools will be required to present certification of a clean record from the finger print check. Vision specialists must attend their FBI fingerprint appointment prior to the start of service. However, vision specialists may begin providing service under this contract prior to the receipt of the results.

- 1.3 The contractor shall provide to the MSSD copies of required certifications/registrations, resumes/vitae, and documentation of insurance coverage for all contracting vision specialists. It is the responsibility of the contractor to keep updated license and insurance documentation on file with the MSSD business manager. The contractor shall notify the MSSD business manager whenever a vision specialist providing services under the contract has his or her certification revoked or any

disciplinary action is taken against the vision specialist by the relevant certifying authority.

2. SERVICES TO BE PROVIDED BY VISION SPECIALISTS

- 2.1 The contractor shall provide services at the assigned MSSD school on an as needed, if needed, basis. (Homebound services will be provided in the student's home, unless otherwise designated, on an as needed, if needed, basis.)

Homebound services may be provided outside the above designated times if necessary and by mutual agreement between the school staff, the contracted vision specialist and the student's parents or guardians. The contractor's vision specialist shall provide therapy schedules to MSSD teachers for coordination of activities.
- 2.3 The contractor shall provide services for MSSD students as required by the student's IEP and approved by the building administrator. The contracting vision specialist is responsible for providing services to only those students approved for such services on their IEPs. - 2.4 Direct services to students shall be provided through the integrated therapy approach.
- 2.5 All direct services shall be provided on an individual basis unless the IEP specifies or the building administrator requests group services for the student. The contractor does not determine when group services are to be provided.

Claims for excessive time may be investigated by MSSD Central Office and full payment refused by MSSD Central Office if unsupported by the written information provided to the classroom teacher.
 - 2.6.4 Offer additional services when approved in advance in writing by the MSSD school's building administrator, teacher-in-charge, contact teacher, area director or MSSD Central Office professional staff. These services shall include but are not limited to:

2.7 The contractor and any therapist provided by the contractor shall not disclose any information concerning a student for any purpose not directly connected with the administration of the contract. All confidentiality guidelines set forth by the MSSD shall apply to this agreement. Therapists are limited to discussing the student with other members of the instructional team, at staffing and IEP meetings to which the therapist has been invited and, in a professional capacity, with the therapist's supervisor, if any. Therapists shall not discuss the student's progress or other concerns with the student's parents unless the school's building administrator is present during the discussion. Therapists may speak to the parents in the student's IEP meeting (if the therapist is invited) or when providing therapy services in the home.

The contractor and any therapist provided by the contractor shall agree and understand that all discussions with the contractor and any therapist provided by the contractor and all information gained by the contractor and any therapist provided by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the state agency.

The vision specialist shall become knowledgeable about the physical condition of the student including but not limited to: History of medical background, surgeries, dislocated joints, shunts, etc. This information is valuable for implementation of the educational program. Additional requirements to record details of therapy sessions using software or other recording methods must be completed prior to submitting the invoice for the sessions. The building administrator will forward the invoice and any supporting documents to the MSSD business office for approval and payment.

5.7 When seeking reimbursement for writing the present level details, possible goals/benchmarks for IEP meetings and quarterly reports of progress as requested by the classroom teacher or other MSSD supervisory staff, these activities should be identified separately on the invoice for direct and consultation services, with the

- 2 All materials developed or acquired by the contractor as a result of work under the contract shall become the property of the MSSD. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports or materials prepared, as required by the contract, shall be released to the public without prior written consent of the MSSD.
- 3 The contractor shall not assign any interest in the contract and shall not transfer any interest, whatsoever, in the contract without prior written consent from the MSSD.
- 4 The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular goods or services purchased or procured by the contractor in the fulfillment of the contract with the MSSD.
- 5 The contractor covenants that he or she presently has no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The contractor further covenants that no person having any such known interest shall be employed or conveyed an interest, directly or indirectly, in the contract.
- 6 The contractor represents him or herself to be an independent contractor offering such services to the general public and shall not represent himself or his employees to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the State of Missouri, its officers, agents, and employees harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters as taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc. Contractors who subcontract with or utilize independent contractors to provide the services in this contract shall notify the independent contractors that the independent contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the State of Missouri, its officers, agents, and employees harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters as taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc. Contractors shall provide proof of notice to subcontractors or independent contractors of the above requirements upon request.
- 7 Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the MSSD immediately. Upon learning of the actions herein identified, the MSSD reserves the right at its sole discretion to either cancel the contract or re-affirm the contract.

- 8 The contract shall be construed according to the regulations of the MSSD, and the laws of the State of Missouri. The contractor shall comply with all local, state and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.
- 9 The MSSD is not obligated for any payments to the contractor under the terms of the contract until funds have been encumbered in accordance with the provisions of Chapter 33, RSMo 1986, and any other applicable state statute. Upon the certified encumbrance of funds in accordance with state law, a copy of the contract will be mailed to the contractor as authorization to proceed with the act of performance under the contract. The contractor understands and agrees that the act of obtaining a certified encumbrance of funds and that any payment due under the terms of the contract shall be the sole responsibility of the MSSD, for whom the services and or supplies are being purchased and furnished. The contractor further agrees and understands that any payment due under the terms of the contract shall be made by the MSSD only (a) after the receipt of a properly itemized invoice, (b) after the successful completion of all requirements set forth in the contract, and (c) after approval and acceptance of the contractor's performance, services and/or supplies required by the terms of the contract. Payment will be made to the name and address identified in the contract as the "contractor" unless (a) the contractor has authorized a different name and mailing address in writing or (b) authorized a different name and mailing address in an official State of Missouri Registration Application Form or (c) unless a court of law specifies otherwise. - 10 The contractor agrees and understands that the MSSD agreement to the contract is predicated, in part and among other considerations, on the utilization of the specific individual(s) and/or personnel qualification(s) as identified and/or described in the contractor's bid. Therefore, any substitution made pursuant to this paragraph must be equal or better than originally proposed. The contractor must inform the MSSD of the substitution in writing and provide proof that the substitute is licensed in the State of Missouri in compliance with Chapter 334, Missouri Revised Statutes (RSMo) before the substitute vision specialist may begin providing services under this contract.
- 11 The contract between the contractor and the MSSD shall consist of (1) the Invitation for Bid (IFB) and (2) the bid submitted by the contractor in response to the IFB. In the event of a conflict of language between the above documents, the provisions and requirements set forth and/or referenced in the Invitation for Bid shall govern. However, the MSSD reserves the right to clarify any contractual relationship in writing with the concurrence of the contractor, and such written clarification shall govern in case of conflict with the applicable requirements stated in the IFB of the contractor's bid. In all other matters not affected by the written clarification, if any, the IFB shall govern. The contractor is cautioned that his bid shall be subject to acceptance by the MSSD without further clarification.
 - 11.1 No modification of a provision in the contract shall be made or construed to have been made unless such modification is mutually agreed to in writing by the contractor and the MSSD and incorporated in a written amendment to the contract approved by the MSSD Superintendent prior to the effective date of such modification.
- 12 The MSSD reserves the right to terminate the contract at any time without penalty or recourse by giving the contractor a written notice of such termination at least 30 calendar days prior to termination. The agreement may be canceled at any time by the contractor with the mutual consent of the parties or upon thirty (30) days written notice. Any nonfeasance, misfeasance or malfeasance on the part of the contractor may be cause for immediate termination of the agreement. The contractor shall be entitled to receive just and equitable compensation for work completed pursuant to the contract prior to the effective date of the termination.

- 12.1 The MSSD may cancel the contract at any time for material breach of contractual obligations by providing the contractor with written notice of such cancellation. Prior to issuing such a notice, the contractor will be provided with an opportunity to cure the breach, if appropriate, within a reasonable period of time.
 - 12.2 In the event the contractor becomes unable to provide the services required under this contract, the contractor will be provided with an opportunity to fulfill the contractual requirements within a reasonable period of time of not less than seven (7) days and not to exceed thirty (30) days, after which the MSSD may cancel the contract at any time by providing the contractor written notice of such cancellation.
- 13 The MSSD in its sole discretion reserves the right to determine that the contractor and/or any vision specialist providing services under this contract is/are no longer acceptable to provide services under any contract for therapy services with MSSD. Behavior on the part of the contractor or vision specialist that results in this determination may range from nonfeasance, misfeasance or malfeasance to documented evidence of persistent inability to follow the terms of this contract or the directions provided by the building administrator(s) or other MSSD staff. Prior to MSSD issuing a letter of non-acceptability, the contractor or vision specialist will be provided with an opportunity to cure the behavior, if appropriate, within a reasonable period of time. Any contractor or vision specialist receiving a letter of unacceptability issued by the MSSD business office must disclose this fact in future responses to bids from MSSD and may be denied an award. Contractors must disclose letters of unacceptability sent to any vision specialist employed by the contractor or providing services on behalf of the contractor to any MSSD schools under the contract. Any contractor or vision specialist receiving a letter of unacceptability issued by the MSSD business office will no longer be eligible to provide services at MSSD locations for the remainder of the contract period, including while employed by or acting as an independent contractor with any other contractor. MSSD reserves the right to refuse the services of individuals who have previously been issued a letter of unacceptability when accepting a bid from a contractor.
- 14 The contract shall not bind, nor purport to bind, the MSSD for any contractual commitment in excess of the original contract period. The MSSD shall have the right, at its sole option, to extend the contract for two one-year periods, or a portion thereof. In the event that the MSSD exercises its options, all terms, conditions, and provisions of the original contract shall remain the same and apply during the extension period. If the options are exercised, the contractor shall agree that the prices stated in the original contract shall not be increased in excess of the maximum unit price, if any, stated on the pricing page of the contract. If the pricing page does not include a maximum unit price or if applicable spaces are left blank, or not completed, prices during extension periods shall be the same as during the original contract period. The MSSD does not automatically exercise its options based upon the maximum increase without documented justification supporting an increase and reserves the right to offer or to request an extension of the contract at a price less than that price derived from the contractor's extension unit price, if any.
- 15 The contractor shall maintain adequate liability insurance including, but not limited to, professional liability malpractice insurance. Proof of such insurance shall be provided by the contractor to the MSSD and such evidence shall include, but not necessarily be limited to: effective dates of coverage, limits of liability, insurers' names, policy numbers, etc. The evidence of insurance must be submitted before or upon award of the contract and will become a permanent part of the contract file. In the event the insurance coverage is canceled, the MSSD must be notified immediately.
 - 15.1 The contractor shall be responsible for any and all injury or damage as a result of the contractor's negligence involving any equipment or service provided under the

terms and conditions of the contract. In addition to the liability imposed upon the contractor on account of personal injury, bodily injury (including death), or property damage suffered as the result of the contractor's negligence, the contractor assumes the obligation to save the MSSD, including its employees and assigns, from every expense, liability or payment arising out of such negligent act. The contractor also agrees to hold the MSSD, including its employees and assigns, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.

15.1.1 However, the contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the MSSD.

- 16 In connection with the furnishing of supplies of performance of work under the contract, the contractor agrees to comply with the Fair Labor Standard Act, Equal Opportunity Employment Act, and all other applicable Federal and State laws, regulations, and executive orders to the extent that the same may be applicable and further agrees to insert the foregoing provision in all subcontracts awarded hereunder.
- 17 Contractor shall defend, protect, and hold harmless the MSSD, its officers, agents, and employees, against all suits of law or in equity resulting from patent and copyright infringement by contractor or their employees.
- 18 Each and every provision of law and clause required by law to be inserted herein and the contract will be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party, the contract will forthwith be physically amended to make such insertion or correction.
- 19 The contractor must, within sixty (60) days after notification of contract award, provide the MSSD business office with completed copies of the Vendor Input/ACH-EFT Application form (MO 300-1489) and any supporting documents to ensure that payment for services may be processed. The contractor shall provide MSSD with any other documentation required by the Office of Administration from vendors providing services to the State of Missouri.

- Participation Commitment - The supplier must complete **Exhibit H**, Participation Commitment, by identifying each proposed SDVE, the committed percentage of participation for each SDVE, and the commercially useful products/services to be provided by the listed SDVE. However, in order to maintain a fair and equitable bid process, all suppliers will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, suppliers are advised that unless specified elsewhere in the IFB, any questions received less than ten calendar days prior to the IFB opening date may not be answered.
- c. Suppliers are cautioned that the only official position of the State of Missouri is that which is issued by the DESE in the IFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. The DESE monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among suppliers, price-fixing by suppliers, or any other anticompetitive conduct by suppliers which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.

- e. The DESE reserves the right to officially amend or cancel an IFB after issuance.

4. PREPARATION OF BIDS

- a. Suppliers **must** examine the entire IFB carefully. Failure to do so shall be at supplier's risk.
- b. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The supplier may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the supplier shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. In the event that the supplier is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such a supplier may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses which will be modified via a clarification conference between the DESE and the supplier, if such supplier is selected for contract award. The clarification conference will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB. Any such supplier needs to include in the bid, a complete list of statutory references and citations for each provision of the IFB which is affected by this paragraph.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.
- h. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign supplier not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

5. SUBMISSION OF BIDS

- a. Suppliers may submit bids hard copy delivered to the DESE office. Delivered bids must be sealed in an envelope or container, and received in the DESE office located (see cover page for address) no later than the exact opening time and date specified in the IFB. All bids must (1) be submitted by a duly authorized representative of the supplier's organization, (2) contain all information required by the IFB, and (3) be priced as required. Hard copy bids may be mailed to the DESE post office box address. However, it shall be the responsibility of the supplier to ensure their bid is in the DESE office (address listed above) no later than the exact opening time and date specified in the IFB.
- b. The sealed envelope or container containing a bid should be clearly marked on the outside with (1) the official IFB number and (2) the official opening date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
- c. A bid which has been delivered to the DESE office, may be modified by signed, written notice which has been received by the DESE prior to the official opening date and time specified. A bid may also be modified in person by the supplier or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
- d. A bid which has been delivered to the DESE office, may only be withdrawn by a signed, written notice or facsimile which has been received by the DESE prior to the official opening date and time specified. A bid may also be withdrawn in person by the supplier or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone, e-mail, or telegraphic requests to withdraw a bid shall not be honored.
- e. Suppliers delivering a hard copy bid to DESE must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the supplier of all IFB terms and conditions. Failure to do so may result in rejection of the bid unless the supplier's full compliance with those documents is indicated elsewhere within the supplier's response.
- f. Faxed bids shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. BID OPENING

- a. Bid openings are public on the opening date and at the opening time specified on the IFB document. Names, locations, and prices of respondents shall be read at the bid opening. The DESE will not provide prices or other bid information via the telephone.
- b. Bids which are not received in the DESE office prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late bids may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with Chapter 34 RSMo. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, made or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.
- d. In the evaluation of bids, a service-disabled veteran business preference shall be applied in accordance with Section 34.074 RSMo.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the supplier and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a supplier shall be subject to evaluation if deemed by the DESE to be in the best interest of the State of Missouri.
- c. The supplier is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the supplier whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the supplier, and all other evaluation criteria specified in the IFB and (3) complies with Sections 34.010 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all suppliers fail to meet the same mandatory requirement in an IFB, DESE reserves the right, at its sole discretion, to waive that requirement for all suppliers and to proceed with the evaluation. In addition, the DESE reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The DESE reserves the right to reject any and all bids.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a supplier, from supplier's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the DESE to the successful supplier. The DESE reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DESE based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to Section 610.021 RSMo following the official opening of bids.
- k. The DESE reserves the right to request clarification of any portion of the supplier's response in order to verify the intent of the supplier. The supplier is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- l. Any bid award protest must be received within ten (10) calendar days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (10).
- m. The final determination of contract award(s) shall be made by DESE.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the supplier agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) DESE's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DESE or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DESE.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in Section 34.055 RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DESE, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the DESE may cancel the contract. At its sole discretion, the DESE may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide DESE within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the DESE will issue a notice of cancellation terminating the contract immediately.
- c. If the DESE cancels the contract for breach, the DESE reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DESE deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the supplier/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the supplier/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the DESE immediately.
- b. Upon learning of any such actions, the DESE reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national

origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the DESE shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the DESE until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore supplier's failure to maintain compliance with chapter 144, RSMo may eliminate their bid from consideration for award.
