How to Be a Good Friend

To have a good friend you must be a good friend.

Good friends…

• listen to each other.

• don’t put each other down or hurt each other’s feelings.

• apologize if they hurt a friend’s feelings.

• help each other solve problems.

• learn how to compromise and can disagree without hurting each other.

• give each other compliments.

• respect and care about each other.

• are honest, trustworthy, and dependable.

• give each other room to change.

• allow each other to have other friends.
Tips on How to Get People to Like You (K-2)

1. Speak in a kind, friendly voice.
   “Thanks for playing with me today.”

2. Use the person’s name when you talk to them.
   “Hello Suzie. Do you want to play?”

3. Smile and talk about things you like and ask them what they like.
   “Reading is my favorite subject in school. What’s yours?”

   “You did a great job in P.E. today!”

5. Try not to brag.
   Bragging… “I’m the best tetherball player in my class.”
   Not Bragging… “I like to play tetherball. Would you like me to teach you how to play?”

6. Compromise when playing with a friend.
   “What if we play what you want to today and we will play my favorite game tomorrow?”

7. Ask a new friend questions about him/herself.
   “What do you like to do at home?”
Tips on How to Show People You Care About Them (3-5)

1. Do something nice for the other person.
2. Accept the other person the way they are.
3. Encourage the other person in class or during a game.
4. Apologize when you make a mistake with a friend.
5. Compromise when playing a game or making a decision with a friend.
6. Ask the other person questions about his or her family, special things they are interested in, or games they like to play.
7. Call the other person by their name as often as possible. This makes a person feel special.
8. Listen carefully to the other person.
Five Tips For Joining and Playing in a Group

1. Think about which kids like the same things you like. Try to join those kids.

2. It is easiest to join one person or a group of four or more playing.

3. Remember “no” does not always mean “never.” It could mean “not right now” or “try again later.”

4. Observe the activity you want to join. Try to fit in by joining the game they are already playing. Do not try to change what the other children are playing.

5. Let people know when you have enjoyed playing with them.
Tips on What To Say or Do When Someone Teases You or Hurts Your Feelings

1. Say, “Please stop.”

2. Get away from the situation. If you need help, go to an adult and report it.

3. Ignore the person. Don’t give them power over your feelings.

4. Play in a large group. People who tease usually will not tease someone in front of a large group.

5. When someone says something hurtful to you, think to yourself, “No matter what they say or do to me I’m still a good person.”

New Student Coupon Booklet Survey

Activity #1 Assessment

Students will be able to identify staff members in the building by name.
Students will complete the New Student Coupon Booklet Survey.

Activity #1 Description & Procedures

The coupon booklet is used to acquaint students with the school staff and setting. It also assists in making them feel welcome in the new school. The Professional School Counselor (PSC) talks with students about the importance of getting to know the staff in their new school.

PSC asks students to brainstorm the different staff members or people they have met or might meet in a new school (i.e., principal, assistant principal, counselor, nurse, secretaries, classroom teacher, media specialist, physical education teacher, music teacher, art teacher, school cooks, custodian, bus drivers).

PSC talks with new students about why it is important to get to know the staff and locations of places in their new school. Students share their ideas (i.e., feel comfortable, feel a part of the school community, get to know people, find places in the building).
PSC asks students if they know what the word coupon means or what a coupon might be used for. Students share their ideas (i.e., free materials or services, discounts).

PSC gives each student a New Student Coupon Booklet. A sample coupon booklet is included in this activity. The booklet can be adapted to the student/school needs and age level of the group. Counselor may prepare booklets ahead of time or ask students to cut out and staple booklets.

Closure/Summary: The coupon booklet is reviewed with the students and the students are encouraged to use the individual coupons to get to know the staff and their new school setting.

Activity assignment: It is suggested that the students use the coupons the first month of school in order to assist them in their adjustment to the new school.

### Activity #1 Follow-Up Activities (Optional)

PSC checks-in with students to see if students can name building staff members and check on their adjustment to the new school.

### Activity #1 Counselor reflection notes (completed after the activity)
