The following end-of-group perceptual data collection forms will be used as a part of session three and four; the forms are attached to the Unit Plan:

Classroom Teacher Assessment:
- The classroom teacher will complete the *Teacher Pre/Post-Group Perception Form (Document 14)* for each student before the group starts and after the group has been completed.
- *Teacher Pre/Post-Group Perception Form (Document 14)* will be given to teacher to complete at the end of the group unit.

Parent Assessment:
- *Parent/Guardian Post-Group Perception Form (Document 15)* will be given to parents to complete at the end of the group unit.

Student Assessment:
- *Student Post-Group Perception Form (Document 16)* will be given to student to complete at the end of the group unit.

Follow-up Interviews/Session with Students

Potential Interview Questions:

How are things going?

What specific skills are you practicing now that the group is over?

What was the most useful thing you learned from the group?

What skills would you like to practice?

How are things different for you now?

What is better? 
What is in need of improvement?

What progress have you made toward the goals you set for yourself at the end of our group meetings?

How are you keeping yourself accountable?

What suggestions do you have for future groups?

Rank your overall experience on a scale from 5 → 1: ______

5 = Most positive activity in which I have participated for a long time
4 = Gave me a lot of direction with my needs
3 = I learned a lot about myself and am ready to make definite changes
2 = I did not get as much as I had hoped out of the group
1 = The group was a waste of my time

What contributed to the ranking you gave your experience in the group? What could have made it better?
**TEACHER PRE/POST-GROUP PERCEPTION FORM**
(SAMPLE 1 OF 2)

**Note:** Samples 1 & 2 of Document 14 provide you with examples of two ways to gather data about teachers' post-group perceptions of the effectiveness of the group. Sample 1 measures teachers' perceptions of the changes the student made as a result of the group experience. Sample 2 measures the teacher's perceptions of the counseling group as a whole. An advantage to using form 2 is that it parallels Document 15: Parent/Guardian Post-Group Feedback Form and Document 16: Student Post-Group Perception Form; thus, making it possible to compare teacher, parent and student perceptions of the group experience.

Note: The classroom teacher completes Part 1 of this document before students begin group sessions and completes Part 2 after the group has been completed. This process will provide the school counselor with follow up feedback about individual students who participated in the group.

## INTRODUCTION Procedures

### Professional School Counselor Procedures:

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>Today we are going to talk about working within groups and how small group counseling guidelines help members as they work together.” Introduce the Small Group Counseling Guidelines (Document 18). Students may wish to add additional guidelines suitable for their specific group. When discussing the term, confidentiality, relate it to outside-the-group talk versus inside-the-group talk. The members may talk with someone outside the group about something they may have said, but they cannot talk about who the members of the group are, or what others shared. Acknowledge student suggestions as examples of how confidentiality can be maintained. Post Small Group Counseling Guidelines (Document 18), including any additional guidelines the group develops, for the group to refer to during each group session. Remind students that they will be expected to follow the guidelines during each session.</td>
</tr>
</tbody>
</table>
| 2.   | Introduce the icebreaker activity: Review the groups that were discussed during the hook. “What were some the positive things that made you feel good when you were with that group? Or, if you didn’t enjoy the group, what would have made the experience better for you?” NOTE: This activity can be done in a number of ways:  
  - Students may work in a Think-Pair-Share in which they are placed into pairs to discuss the prompts and come up with ideas together.  
  - Students may work with a large piece of chart paper or bulletin board paper to come up with ideas in graffiti form which is presented for final group approval.  
  - Solicit information from the entire group for consideration, which is then to be written on chart paper and edited through group approval. |
| 3.   | Discuss the purpose of the group. Ask what the students would like to learn or achieve in the next few weeks in the group. Record student responses |

### Student Involvement:

  - We treat others as we would like to be treated.  
  - Everyone gets a turn.  
  - Nobody gets left out.  
  - No put-downs.  
  - Take turns when speaking.

OPTIONAL FOLLOW-UP SESSION

Group Title: Homework Express

Session Title: How Are You Doing?  
Session: Follow-up (4-6 weeks after last session)

Grade Level: 3-5  
Estimated time: 30-45 minutes

Small Group Counseling Follow-up Session Purpose: The Professional School Counselor (PSC) may facilitate at least one more group session 4-6 weeks after the group has ended. This session helps the PSC track students’ persistence and success in applying new skills and making changes in their lives. Students who participate in follow-up sessions after a group ends are more likely to maintain the gains made during the group sessions.

Missouri Comprehensive Guidance and Counseling Content Area Strand/Big Idea(s):  
Personal and Social Development: PS.3. Applying Personal Safety Skills and Coping Strategies

Missouri Comprehensive Guidance and Counseling Concept(s):  
PS.3.A. Safe and Healthy Choices  
PS.3.B. Personal Safety of Self and Others  
PS.3.C. Coping Skills

OPTIONAL FOLLOW-UP SESSION

Materials (activity sheets and/or supporting resources are attached)

8 ½ x 11 paper for each participant; crayons/markers/pencils  
Alternative Procedure: Complete the Student Post-Group Follow-Up Interview Form.

OPTIONAL FOLLOW-UP SESSION Formative Assessment

Assessment should relate to the performance outcome for goals, objectives and GLEs.  
Assessment can be question answer, performance activity, etc.

This session does not require a formative assessment. It is a way for the PSC to measure students’ perceptions of the group’s effectiveness over time.

Alternative Procedure: Use the Student Post-Group Follow-Up Interview Form as the procedure and the assessment for the Follow-up Session. The developmental level of your students will determine the usefulness of this alternative with younger students.

OPTIONAL FOLLOW-UP SESSION Preparation

Essential Questions: What does everyone have in common in this group?

Engagement (Hook): How are you different as a result of this group?
OPTIONAL FOLLOW-UP SESSION PROCEDURES

Professional School Counselor Procedures: Optional Follow-up Session

Note for PSC: The group follow-up session will give participants a chance to celebrate each other’s successes over time.

1. Welcome students back to the group. Remind them again about the Small Group Counseling Guidelines Poster (Document 18).

3. Give each student an 8 ½ x 11 piece of paper. Instruct students to follow you as you fold your paper into fourths; unfold the paper and number the sections 1-4. Give the directions for the quadrants one at a time. Complete all quadrants. Invite students to share one quadrant at a time; discuss responses before going to the next quadrant.

   Alternative Procedure: An option for gathering student feedback during the follow-up session is to use the Student Post-Group Follow-Up Interview Form. Discuss with students after they have completed the form.

   Alternative Procedure: Students complete the form and discuss their responses.

Student Involvement: Optional Follow-up Session

1. Students participate in the review of the guidelines by telling what they remember and by reminding each other of what the guidelines mean.

2. Students contribute a concrete example of something they remember about the group.

3. Students follow directions of school counselor, asking clarifying questions as needed. They share their words/drawings. School counselor will acknowledge on-topic sharing.
