<td>1. “Today, we are going to talk about working within groups and how small group counseling guidelines help members as they work together.” Introduce the Small Group Counseling Guidelines (Document 18). Students may wish to add additional guidelines suitable for their specific group. When discussing the term, <em>confidentiality</em>, relate it to outside-the-group talk versus inside-the-group talk. The members may talk with someone outside the group about something they may have said, but they cannot talk about who the members of the group are, or what others shared. Acknowledge student suggestions as examples of how confidentiality can be maintained. Post Small Group Counseling Guidelines (Document 18), including any additional guidelines the group develops, for the group to refer to during each group session. Remind students that they will be expected to follow the guidelines during each session.</td>
<td>1. Students discuss the guidelines and offer their definitions of each guideline. The students decide upon any other group guidelines they would like to add. As guidelines are accepted, students discuss how they will be expected to follow them. Students make suggestions for maintaining confidentiality.</td>
</tr>
<tr>
<td>2. Introduce the icebreaker activity: Review the groups that were discussed during the hook. “What were some the positive things that made you feel good when you were with that group? Or, if you didn’t enjoy the group, what would have made the experience better for you?” NOTE: This activity can be done in a number of ways: • Students may work in a Think-Pair-Share in which they are placed into pairs to discuss the prompts and come up with ideas together. • Students may work with a large piece of chart paper or bulletin board paper to come up with ideas in graffiti form which is presented for final group approval. • Solicit information from the entire group for consideration, which is then to be written on chart paper and edited through group approval.</td>
<td>2. Students develop a list of experiences; either individually, with another student, or with the group. Possible student comments might be: • We treat others as we would like to be treated. • Everyone gets a turn. • Nobody gets left out. • No put-downs. • Take turns when speaking. • Everyone has a chance to share. • Listen when others are speaking. • Put away equipment when you are finished. • Respect each other’s differences.</td>
</tr>
<tr>
<td>3. Discuss the purpose of the group. Ask what the students would like to learn or achieve in the next few weeks in the group. Record student responses</td>

### SESSION #5 Follow-Up Activities

After each session, the PSC will provide classroom teacher(s) and parents/guardians a written summary of the skills learned during the session. The summary will include suggestions for classroom and/or home reinforcement of the skills.

### SESSION#5 Counselor reflection notes (completed after the session)

**STUDENT LEARNING:** How will students’ lives improve as a result of what happened during this session?

**SELF EVALUATION:** How did I do?

**IMPLEMENTATION PROCEDURES:** How did the session work?
OPTIONAL FOLLOW-UP SESSION

Group Title: Personal Planning

Session Title: How Are You Doing?  Session: Follow-up (4-6 weeks after last session)

Grade Level: 9-12  Estimated time: 30-45 minutes

Small Group Counseling Follow-up Session Purpose: The Professional School Counselor may facilitate at least one more group session 4-6 weeks after the group has ended. This session assists in tracking students’ persistence and success in applying new skills and making changes in their lives. Students who participate in follow-up sessions after a group ends are more likely to maintain the gains made during the group sessions.

Missouri Comprehensive Guidance and Counseling Content Area Strand/Big Idea(s):
Personal and Social Development: PS.3. Applying Personal Safety Skills and Coping Strategies

Missouri Comprehensive Guidance and Counseling Concept(s):
PS.3.A.  Safe and Healthy Choices
PS.3.B.  Personal Safety of Self and Others
PS.3.C.  Coping Skills

American School Counselor Association (ASCA) National Standard:
Personal/Social Development
A. Students will acquire the knowledge, attitudes and interpersonal skills to help them understand and respect self and others.

OPTIONAL FOLLOW-UP SESSION

Materials (activity sheets and/or supporting resources are attached)
8 ½ x 11 paper for each participant; crayons/markers/pencils
Alternative Procedure: Complete the Follow-Up Feedback Form for Students (Document 16). Discuss after completing.

OPTIONAL FOLLOW-UP SESSION Formative Assessment

This session does not require a formative assessment. It is a tool to measure students’ perceptions of the group’s effectiveness over time.

Alternative Procedure: Use the Follow-Up Feedback Form for Students (Document 16) as the procedure and the assessment for the Follow-up Session. The developmental level of your students will determine the usefulness of this alternative with younger students.

OPTIONAL FOLLOW-UP SESSION Preparation

Essential Questions: What does everyone have in common in this group?

Engagement (Hook): What changes have you noticed as a result of this group?
## OPTIONAL FOLLOW-UP SESSION PROCEDURES

### Professional School Counselor Procedures: Optional Session

**Note for PSC:** The group follow-up session will give participants a chance to celebrate each other’s successes over time.

Welcome students back to the group. Remind them again about the Small Group Counseling Guidelines (Document 18).

1. Invite each student to tell one thing he or she remembers from the group meetings. “I remember ________.”

2. Give each student an 8 ½ x 11 piece of paper. Instruct students to follow you as you fold your paper into fourths; unfold the paper and number the sections 1-4. Give the directions for the quadrants one at a time. Complete all quadrants. Invite students to share one quadrant at a time; discuss responses before going to the next quadrant.

<table>
<thead>
<tr>
<th>1. With a picture or words, demonstrate what you learned from group.</th>
<th>2. With a picture or a word, describe the most useful thing you learned from the group.</th>
</tr>
</thead>
<tbody>
<tr>
<td>3. With a picture or words, describe a skill you need to practice.</td>
<td>4. With a picture or words, explain how you have changed.</td>
</tr>
</tbody>
</table>

### Alternative Procedure:

An option for gathering student feedback during the follow-up session is to use the Follow-Up Feedback Form for Students (Document 16). Discuss with students after they have completed the form.

1. Students participate in the review of the guidelines by telling what they remember and by reminding each other of what the guidelines represent.

2. Students follow directions and ask clarifying questions as needed. Additionally, they share their words/drawings.

### Alternative Procedure: Students complete the form and discuss their responses.

## OPTIONAL FOLLOW-UP SESSION Follow-Up Activities

If students completed the (optional) Follow Up Session Feedback Form (Document 16), use the responses to prepare a data summary and report of group’s effectiveness.

## OPTIONAL FOLLOW-UP SESSION Counselor reflection notes (completed after the session)

**STUDENT LEARNING:** How have all students’ lives improved as a result of what happened during this session?

**SELF EVALUATION:** How did I do?

**IMPLEMENTATION PROCEDURES:** How did the session work?
POST-SMALL GROUP FOLLOW-UP WITH STUDENTS

Adapt as appropriate for developmental level of students.

**TEACHER PRE/POST-GROUP PERCEPTION FORM**
(SAMPLE 1 OF 2)

**Note:** Samples 1 & 2 of Document 14 provide you with examples of two ways to gather data about teachers' post-group perceptions of the effectiveness of the group. **Sample 1** measures teachers' perceptions of the changes the student made as a result of the group experience. **Sample 2** measures the teacher's perceptions of the counseling group as a whole. An advantage to using form 2 is that it parallels Document 15: Parent/Guardian Post-Group Feedback Form and Document 16: Student Post-Group Perception Form; thus, making it possible to compare teacher, parent and student perceptions of the group experience.

Note: The classroom teacher completes Part 1 of this document before students begin group sessions and completes Part 2 after the group has been completed. This process will provide the school counselor with follow up feedback about individual students who participated in the group.
