

On-Line Testing

All objective tests will be given on-line for the State Leadership Conference. These tests will be taken at the participant home campus with a proctor being present. The test window will be announced when information is mailed to advisers in January of each year. In order for a participant to take an objective test on-line all conference registration fees must be paid prior to the test window. A participant must attend the State Leadership Conference to win an event. (Case-by-case exceptions will be considered) If you have any questions please contact the PBL State Adviser.
