Sponsors,

As you recall, in September at our conference, we provided you with information about new legislation requiring schools to report debt. Following are the most recent instructions for your charter schools to obtain a user name and password in order to enter the required information on the Office of Administration's new portal.

Please share this information with your schools. Questions should be directed as designated below.

Best wishes,

Rusty Rosenkoetter | Director | Office of Quality Schools | 573/522-3651 | dese.mo.gov

Subject: [Finance] Missouri Accountability Portal Mandated Reporting

HB116 was passed by the General Assembly and became law on August 28, 2013. The new legislation in 37.850 RSMo requires school districts to report all bonded indebtedness and requires charter schools to report all debt. This information shall be supplied to Office of Administration (OA) for display on the State's Accountability Portal.

On November 19, 2013 the State's Accountability Portal was updated to accept the submission of bond and debt information. A user link for this portion of the portal will be available on the main page (<http://mapyourtaxes.mo.gov/MAP/PORTAL/DEFAULT.aspx>) under the What's New section. In order to submit information, an entity will need to visit the portal website and obtain a secure user name and password. The user name and password can be created by selecting bonds under the What's New section, then selecting user login and selecting request user account. Once credentials are granted, a user may enter the site to enter or update bond or debt information.

If you have questions regarding accessing the portal website, please contact OA at (573) 751-2971 or MAPBonds@oa.mo.gov. For questions regarding what debt should be entered on the portal please do not hesitate to contact School Finance at (573) 751-0357.
