

School Age Community (SAC) Grants Guidance Related to COVID-19 April 2020

SAC grantees may extend their 19-20 grants through September 15, 2020. However, you must obtain prior approval from your assigned DESE afterschool supervisor (via email, there is no form) indicating how much money you will need to extend services and for what purposes (i.e. summer programming, child care for essential workers, virtual learning, etc.).

This is not additional money or an additional award; it is just extending the timeline in which the dollars can be expended.

Additionally, if you know you will NOT be spending your full award amount, please let us know as soon as possible so we can make other awards to programs in a timely manner.

If you have any questions, please contact our office, you may call us at 573-522-2627 or email us exl@dese.mo.gov
